DANIELS GIVES OUT DETAILS OF ATTACK

U-Boats First Attacked Flagship of U. S. Trans- ports' Convoy

ATTACK SECOND GROUP

Admiral Gleaves Believes U-Boats Had Knowledge of Coming of Troop Ships

DELETES SOME DETAILS

WASHINGTON, Aug. 1.—Details of the attack by German submarines upon the first expedition of American troops sent to France became known for the first time today when the report of Rear-Admiral Gleaves, commanding the naval convoy, was made public by Secretary Daniels. The first attack was made on Admiral Gleaves' flagship, leading the first group of the expeditionary force and at least two submarines were indicated to be engaged. The admiral stated the belief that the U-boats had knowledge of the coming of the troop ships and were on watch for them.

Attack Second Group
The second group of transports also was attacked by two submarines one of which apparently was sunk by a bomb dropped from an American destroyer. There is disagreement among officers of the third group as to whether they were attacked, but much evidence is presented to indicate that they also were assailed.

Secretary Daniels made the report public with certain military information deleted and the vessels designated merely by letters. After he sent an uncensored copy in confidence to the senate naval committee members, which recently inquired as to the truth of charges in the senate that the official account of the attack published on July 3 was greatly exaggerated. When the committee's inquiry first was made the full report from Admiral Gleaves had not been submitted to the department, but the secretary replied that he was willing to show the members the briefer despatch from which the first announcement was made.

Admiral Gleaves' Report
The report of Admiral Gleaves said:

"About 10:50 p. m., June 2, the first group of the expeditionary force of which the flagship was the leader, encountered the enemy's submarines in lat-N, long-W.

"It was extremely dark, the sea unusually phosphorescent, a fresh breeze was blowing from the north-west which broke the sea into white caps. The condition was ideal for a submarine attack.

"The officer of the deck and others on the bridge of the flagship saw a white streak about 50 yards ahead of the ship, crossing from starboard to port at right angles to our course. The ships were immediately run off ninety degrees to starboard at full speed. I was asleep in the chart house at the time. I heard the officer of the deck say 'report to the admiral a torpedo has crossed our bow.' General alarm was sounded torpedo crews being already at their guns. When I reached the bridge the A and one of the transports astern had opened fire, the former's shell fitted with tracers. Other vessels of the convoy turned to the right and left in accordance with instructions. B crossed our bow at full speed and turned toward the left column in the direction of the firing.

Torpedoes Passed Close
"At first it was thought on board the flagship that the wake was that of a torpedo, but from subsequent reports from other ships and in the opinion of Lieutenant X who was on the bridge, it was probably the wake of the submarine boat itself. The torpedoes passed close to the A from port to starboard one about 30 yards ahead of the ship and the other under her stern as the ship was turning to the northward."

"The submarine which was sighted by the flagship was seen by the B and passed under that ship. The radio operator reported 'submarine very close to us,' as the submarine passed the B and the flagship's bow and disappeared close aboard on our port bow, between the columns, it was followed by the B which ran down between the columns and when the latter resumed her station she reported that there was strong indication of the presence of two submarines astern which were growing fainter. The B was then sent to guard the rear of the convoy.

"When I was in Paris I was shown by the United States naval attaché, a confidential official bulletin of information issued by the general staff, dated July 6, which contained the following:

"Punta Delgada, Azores, was bombed at 9 a. m., July 4. This is undoubtedly the submarine which attacked the E on June 25, 400 miles north of the Azores and sank the F and G on the 29 of June, 190 miles from Terceira (Azores). This submarine was ordered to watch in the vicinity of the Azores at such a distance as it was supposed the enemy

NAMES HEADQUARTERS OF TENTH REGIMENT

SPRINGFIELD, Ill., Aug. 1.—Home stations of seven more companies of the new Tenth Illinois Infantry, which will be mobilized here at Camp Lowden Friday, were designated by Adjutant General Dickson today. The letters by which the companies will be known or their captains were announced. Towns where the companies will be located are Champaign, Aurora, Rockford, Monmouth, Peoria, Freeport and Decatur.

The supply company will be established at Decatur.

ISSUES CIRCULAR ON DISTRICT BOARDS' DUTY

Interest of the Nation Solely Must Be Subservient

Gen. Crowder States Appeal Bodies Should Take Every Precaution to Prevent Discharge on Sole Grounds of Material Hardship

Washington, Aug. 1.—Every precaution should be taken by district exemption boards, the appeal bodies, to prevent discharge of men from the draft on sole grounds of material hardship to them individually or to their employers, said a circular on the duty of district boards, issued today by Provost Marshal General Crowder.

To Appeal Discharge Cases
"It is the interest of the nation solely that must be subservient," said General Crowder, adding, that consequently industrial exemptions should be granted only to men absolutely essential to the conduct of a business which itself is essential to proper prosecution of the war. District boards have original jurisdiction in all cases of industrial exemptions. All cases of discharge by local boards on grounds of dependency are to be appealed automatically to the district board. General Crowder said and each case should be scanned carefully also not necessarily re-opened for hearing. For each local board an official will be appointed to act as government challengers against men who he believes discharged without adequate cause. Firemen, policemen and students in technical schools are not to be discharged under industrial exemption regulations.

Must Solve Vital Problem
"To district boards will be entrusted the solution of one of the most vital problems of the war," says General Crowder's circular. "Two things are to be accomplished—to raise armies and to maintain industries. It is self-evident that the problem is not absolutely to prevent interference with industry for that is impossible. It is to reduce interference to a minimum. A balance must be struck and maintained between the military and industrial needs of the nation."

"There may be cases where, in thoughtlessness or design, discharges will be claimed on circumstances that raise a question of private loss or hardship rather than of national necessity. Such cases are without the power of district boards to relieve. The principal grounds for exemption or discharge in the local boards is that of dependency. Section 27 of the regulations provides for an automatic appeal to the district board of all cases of discharge by local boards on the ground of dependency.

Designate Persons to Appeal.
"Over and above the interests of the government as such there is a substantial measure in which every registered person and indeed every member of the community has a real interest in each exemption or discharge granted by a local board. To this end and to the end that the appeals in dependency cases may be promptly taken, section 7 of the regulations provides that some person be designated to appeal all discharges or exemptions on the ground of dependency and to appeal particular cases of discharge or exemption by local boards on other grounds. This designation has already been made for each local board or will be made within the next few days.

"The person will keep himself informed of the action of local boards in other cases and, on his initiative or upon information that may be brought to his attention by other persons should appeal other cases of exemption or discharge when, in the opinion of the person, the government and justice to other registrants, make such an appeal desirable."

ONTARIO TO RECOGNIZE AUTOMOBILE LICENSES

SPRINGFIELD, Ill., August 1.—The Canadian province of Ontario has agreed to recognize automobile licenses issued by the state of Illinois, and an attempt is being made to obtain the same concessions from other provinces. Secretary of State Emmerson announced today.

An amendment of the state automobile law, passed by the last general assembly, removed many difficulties which brought about the agreement with Ontario. It was stated, although the statute is not effective until January 1, 1918.

The recognition will make travel from the United States into Ontario much easier for Illinois machines, Mr. Emmerson said.

MAY REDUCE RATE
Copenhagen, Aug. 1.—The Ekstrabladet says the Danish war insurance bureau probably will reduce its rate in August unless heavy losses are meanwhile experienced. The decision is interpreted as being due to the results of the submarine campaign.

HOLD PEACE MEETINGS IN LEIPSI TODAY

Will Discuss Question "Do the People Want Peace?"

Austro-Hungarian Foreign Minister Willing to Act as Mediator Between Berlin and London According to a Despatch from Zurich

Amsterdam, Aug. 1.—The Volks Zeitung of Leipzig announces that two great mass meetings will be held in that city tomorrow to discuss the question, "Do the people want peace?"

Reads Statement With Pleasure
London, Aug. 1.—A despatch from Zurich, Switzerland, to the Wireless Press says:

"A semi-official Vienna despatch says that Count Czernin, the Austro-Hungarian foreign minister, read with great pleasure certain statements of Lord Robert Cecil, minister of blockade, in the house of commons, which he interpreted as meaning that England does not regard Austria as a real enemy. From this deduction it is drawn that there are no real obstacles to peace negotiations between Vienna and London."

"The message adds that Count Czernin would be willing to act as a mediator between Berlin and London and that he has noted that in France as well as in England there is no direct hostility to Austria."

"The above declaration, according to the correspondent at Copenhagen of the Exchange Telegraph led the Deutsche Tages Zeitung to declare:

"Germany does not want negotiations in such a round about way." "The Fremdenblatt replied that Germany would not only submit to, but even would joyfully accept any attempt at peace thru the medium of Austria."

TEXAS GOVERNOR DENIES CHARGES

AUSTIN, Texas, Aug. 1.—Governor James E. Ferguson tonight denied charges of F. O. Fuller, speaker of the house of representatives that the governor had sought to influence the speaker by offering him money at a low rate of interest, the offer being coupled with the statement that "Fuller never need repay it unless he wishes to do so."

This was the last of the thirteen charges preferred against the governor by the speaker when the legislature convened in special session today.

"I thought I was helping a friend in time of need," declared the governor in explanation.

Regarding the other charges, Governor Ferguson said:

"They have been fully paraded before the public and an extended reply is unnecessary."

The first business to come before the legislature will be consideration of a resolution making the house a committee of the whole to investigate the charges, which include misapplication and diversion of public funds.

TAKING CENSUS OF RAILWAY EMPLOYEES

CHICAGO, Aug. 1.—A census of all railway employees, with a view to determining which can best be spared far war duty without crippling the nation's transportation and for learning just what places can be filled by women, is going on under the direction of the railroads' war board, it was announced here today.

Under the regulations of the war department there can be no exemption by classes, but the roads have been notified that the selective service act will be executed so as not to embarrass unnecessarily any industry.

The roads will make direct application to the exemption board for the exemption of employees whom the lists show are needed to operate the roads.

PETITION TO HAVE MERGER SET ASIDE

CHICAGO, Aug. 1.—Polley holders in the North American Union, a fraternal insurance society, merged last December with the Fraternal Aid Union today filed suit asking to have the merger set aside, a receiver appointed and the treasurer of the Fraternal Aid enjoined from demanding and receiving dues from North American Union policy holders. The bill alleged that the merger was obtained by conspiracy on the part of supreme officers of both societies and that it was not submitted to the supreme council of the North American Union.

CONTRIBUTE SMALL AMOUNT OF GOLD

AMSTERDAM, Aug. 1.—Only 600,000 marks worth of gold ornaments have been contributed to the German reichsbank in response to its appeal, according to the Cologne Gazette, whereas it had been calculated the amount should be 2,000,000 marks.

This shows, says the newspaper, that the seriousness of the hour is not yet fully realized by the people and it exhorts them to remember their duty "to the hard-pressed Fatherland."

DENIES DECLARATIONS

Petrograd, Aug. 1.—Foreign Minister Terestchenko denies absolutely the declaration attributed to him by Dr. Michaelis, the German chancellor.

TORPEDO NORWEGIAN STEAMER
Bergen, Norway, Aug. 1.—The Norwegian steamship Cavis has been torpedoed. One passenger and one sailor were killed. The crew of the vessel has arrived here.

SENATE ADOPTS PROHIBITION BILL

Resolution Has Eight More
Than Necessary Two
Thirds Majority

STATES MUST RATIFY

Contains Provision That States
Must Be Asked To Act
Within Six Years

HOUSE YET TO VOTE

WASHINGTON, Aug. 1.—A resolution for submission of a prohibition amendment to the federal constitution was adopted late today by the senate. The vote was 65 to 20, eight more than the necessary two thirds. As adopted the resolution contains a provision that the states must be asked to ratify the amendment within six years. The house still must act on the resolution.

Senators Opposing Resolution
Senators opposing the resolution were:

Democrats: Brossard, Culberson, Gerry, Hardwick, Hitchcock, Huston, James, Leach, Phelan, Pomeroy, Reed and Underwood. Total 12.
Republicans: Brandegee, Calder, France, Lodge, Penrose, Wadsworth, Warren and Weeks. Total 8.
Total against 20.

Senators voting for the resolution were:

Democrats: Ashurst, Beckham, Bankhead, Chamberlain, Fletcher, Gore, Hollis, Jones of New Mexico, Kendrick, King, Kirby, McKellar, Martin, Meyers, Newlands, Overman, Owen, Pittman, Ransdell, Robinson, Saulsbury, Shafroth, Shepard, Shields, Simmons, Smith of Arizona, Smith of Georgia, Smith of South Carolina, Stone, Swanson, Thompson, Trammell, Cardman, Walsh, Williams and Wolcott. Total 45.

Republicans: Borah, Brady, Colt, Johnson, Curtis, Fernald, Freeling, Huysen, Gronna, Hale, Harding, Hays, Hiram, Jones of California, Jones of Washington, Kellogg, Kenyon, Knox, LaFollette, McCumber, McNary, Nelson, New, Norris, Page, Poindexter, Sherman, Smith of Michigan, Smoot, Sterling, Sutherland and Watson. Total 29. Total for, 65.

Approved by Either Branch
The proposed constitutional amendment is the first initiated by congress since that providing for popular election of United States senators, approved in 1911. It is the first time that either branch of congress has approved a constitutional amendment for prohibition. A few years ago, a similar resolution of the house received a majority but failed of the required two thirds. Prohibition leaders of the house claim enough votes to insure submission of an amendment to the states. When the resolution can be considered is uncertain but its friends will seek early discussion. The senate's action today came after three days' debate. All efforts to amend the resolution failed except for the addition of Senator Harding's amendment fixing the six years time limit within which three fourths of the states must ratify the amendment to make it effective.

This was approved 56 to 23. As adopted the resolution which was submitted by Senator Sheppard of Texas, Democrat, would add the following article to the federal constitution:

"The manufacture, sale or transportation of intoxicating liquors within, the importation thereof into, or the exportation thereof from the United States and all territory subject to the jurisdiction thereof for beverage purposes is hereby prohibited.

"This article shall be inoperative unless it shall have been ratified as an amendment to the constitution by the legislatures of the several states as provided in the constitution within six years from the day of the submission of here to the states by the congress. The congress shall have the power to enforce this article by appropriate legislation."

On the final roll call several senators said to oppose prohibition voted for the resolution desiring they said to have the wet and dry battle transferred from the national capitol to the states, and to preventing prohibition propaganda from impeding other matters before congress. A sharp contest was precipitated over Senator Harding's amendment but it was supported by both wets and dries. Senator Borah urged a time limit of ten years, but his amendment was rejected 1 to 19. An amendment by Senator Stone requiring the government to make compensation for losses to liquor manufacturers in carrying the proposed article into effect was defeated 50 to 31. He insisted the provision would be but justice to the large interests affected and Senator Williams said contrary action would be "robbery."

REPORT FOOD CONTROL BILL OUT OF CONFERENCE

Enactment of Measure Next
Week is Predicted

Strip Bill of Features Opposed by President Wilson—Senator Warren Breaks Week's Deadlock in Conference

WASHINGTON, Aug. 1.—The administration food control bill, stripped of the features opposed by President Wilson was reported out of conference today just one month after the date the president had hoped to see it enacted into law. Enactment next week is predicted also debate is expected in the senate owing to elimination of senate amendments which would have provided for a congressional war expenditures committee and a three-member food control board.

The week's deadlock in conference was broken by Senator Warren of Wyoming, Republican, in agreeing to vote with the Democrats to strike out the war expenditures committee amendment, particularly objectionable to the president.

To Wage Bitter Fight
Senator Warren is understood to have been influenced by a tacit understanding that the senate rules committee will report favorably and as a separate measure a resolution to provide for a joint congressional committee on the conduct of the war. Administration leaders will wage a bitter fight against it. Conferees from each house tonight declared they had emerged from the conference victorious. The senate conferees sacrificed their war expenditures committee and three-member food control board amendments, while the house conferees accepted greatly restricted price fixing and control provisions, a \$2 minimum for wheat and a less drastic prohibition section. Under the latter the manufacture of distilled liquors would be prohibited and the president given power to limit the manufacture of light wines and beers, if necessary, and to commandeer for military or other public purposes such distilled liquors in or out of bond as he may deem advisable. Steps to enact the first administration food bill proposing a national food survey and containing provisions to stimulate production were taken immediately after the agreement on the control legislation. The measure has been held in conference since June 2.

RUSS RESISTANCE AT CERNOWITZ INCREASES

COPENHAGEN, Aug. 1.—A despatch to the Berlin Vossische Zeitung says the Russian resistance for the defense of Cernowitz is increasing. Fresh troops are fighting with great energy and without faltering in strenuously opposing the Austro-German advance on Kirilbaba. Fighting is most sanguinary but the defenders are able to prevent the Austro-Germans occupying positions favorable for further operations, including Kimpolung. The writer predicts the Russians will be soon forced to abandon Cernowitz.

JELLCOE DISCUSSES SUBMARINE MENACE

British First Sea Lord Tells of Naval Situation

Asserts U-Boat Warfare, Viewed Broadly, Is Encouraging—Have Reduced Losses of Merchant Shipping

London, Aug. 1.—Ad. Sir John R. Jellicoe, first sea lord and chief of the naval staff in an interview with The Associated Press today discussed the submarine menace and the naval situation at the end of the third year of the war.

"The submarine menace," he began, "is serious because the allied armies and civil population are in varying degrees, dependent on sea transportation. But viewed broadly, the recourse of the Germans to this form of piracy is encouraging. They did not adopt it until they had lost hope in the victory of their armies. For three years naval power has been in process of transition into military power. The Germans in desperation decided to embark upon ruthless submarine warfare in the confident belief that it would prove a fatal stroke. In February, according to their own confession it was the 'best and only means of a speedy and victorious ending of the war.'"

"March, April, May, June and July have passed and their early hopes are still unrealized. 'The Germans have not mastered us, but, on the other hand, we have not mastered the submarine. We have not yet discovered the effective antidote. But we have reduced the losses of merchant shipping. 'There is no reason to doubt that the Germans have at sea lately a far larger number of submarines than in February and March, but nevertheless with the invaluable assistance which America has rendered we have prevented them from reaping the harvest which they anticipated. 'How long the German population will live on hopes deferred I cannot profess to say, but they must realize that the prophecy of February, resting on official authority that the submarine was the best and only means of a speedy and victorious ending of the war, has not been fulfilled."

After a pause, Admiral Jellicoe went on gravely.

"Combating the submarine demands the utmost effort on the part of all the countries which have joined forces to defeat Germany. She has staked her all on the submarine and if we defeat it her last hope will have gone.

"The two urgent needs of the moment are more patrol ships for hunting down submarines and an increased output of merchant shipping, so that the losses suffered at sea may be made good. The war has become one of economic endurance."

DEMANDS FEDERAL GOVERNMENT INTERVENE

INDIANAPOLIS, Ind., Aug. 1.—Following receipt of word today that eighty members of the United Mine Workers of America had been deported from Gallup, N. M., William Green, secretary of the organization, telegraphed President Wilson, demanding that the federal government intervene and return the men, saying in his message:

"Unless this is done quickly I will favor strike of coal miners of the United States until this outrage is righted."

SEARCH FOR SLACKERS.

Chicago, Aug. 2.—A general police order was issued tonight for nation-wide visit every dwelling place in the city, obtain a list of its inhabitants for comparison with the registration list and arrest every man of draft age who cannot produce his card of registration.

ROUMANIANS TAKE MANY GERMAN PRISONER

Petrograd, Aug. 1.—A telegram from Jassy says the Russo-Romanian advance between the Casin and Putna valleys resulted in the enemy losing between July 24 and 28, ninety-eight guns and about 4,500 prisoners. The enemy front of about sixty kilometers was broken to a depth of between 17 and 20 kilometers.

WEATHER INDICATIONS AND TEMPERATURES

Illinois—Generally fair Thursday and Friday; cooler Thursday; warmer Friday in west portion.

Temperatures.
The current, maximum and minimum temperatures as recorded Wednesday were:

Jacksonville	79	92	72
Boston	84	92	72
Buffalo	80	84	76
New York	84	98	84
New Orleans	86	92	78
Chicago	82	88	79
Detroit	78	94	76
Omaha	84	86	68
Minneapolis	72	76	62
Helena	82	82	52
San Francisco	60	62	54
Winnipeg	60	62	52

SPAIN WILL INTERN GERMAN SUBMARINE

MADRID, Aug. 1.—The German submarine UB-33, which entered the Roadstead of Coruna, Monday, in a seriously damaged condition, has reached Ferrol, twelve miles north-east of Coruna, escorted by the Spanish torpedo boat Audaz. It will be interned there.

Premier Dato told the press that the recent decree regarding the internment of belligerent submarines navigating within Spanish territorial waters will be strictly enforced.

HEAVY RAIN ALMOST HALTS OFFENSIVE

German Counter-Attacks
Against British Success-
ful at Two Points

OFFSET ADVANTAGE

British and French Advance
Lines in Zillebeke and Yser
Canal Sectors

GUNS CONTINUE TO ROAR

A torrential rainfall and the resultant turning of the battlefield already hard of negotiation at many points—into a veritable quagmire, almost halted during Wednesday the great allied offensive in Flanders.

Allies Offset Advantage.
For the most part the day was spent by the British and French troops in consolidating positions won Tuesday or in putting down strong German counter-attacks. At two points near Ypres the Germans, using great masses of men, were successful against the British, but this advantage was offset in the Zillebeke and Yser canal sectors, where respectively the British and French troops advanced their lines.

Meanwhile the guns of the belligerents are continuing to roar all along the entire front in reciprocal bombardments preparatory to the commencement of the infantry battle when the clouds lift and the rainfall ceases. The losses of the Germans in the fighting thus far have been extremely heavy the ground at various points being covered with their dead.

Some killed mere school boys and seemingly undisciplined physically for war. In addition the British alone have taken more than 5,000 prisoners—4,000 of them on the Yser salient.

French Make Progress.

On the southern end of the front in the region of the Aisne and on the Verdun sector, the Germans continue offensive operations. In spite of heavy bombardment along the entire Aisne region, however, the French, in a vigorous counter-attack east of Cerny, again have made progress and taken prisoners. On the other hand the Germans northwest of Verdun in an attack were able to penetrate French first line trenches between the Avocourt wood and Hill 304.

Altho the Austro-Germans continue to press the Russians in Galicia and Bukovina, having taken further positions from them along the Horodenka-Czernowitz railway and north of the Dniester river, the Russians southeast of Tarnopol in the vicinity of Trembowla have taken the offensive in an endeavor to prevent the northern end of their line in Galicia from being pushed back farther toward the Russian frontier.

The Russians have captured one enemy vantage point.

Keeping Up Advance Against Teutons

On the northwestern frontier of Rumania the combined Russo-Romanian forces are keeping up their advance against the Austrians and Germans. In their smash at the enemy line between the Putna and Casin valleys they have penetrated it to a depth of from ten to twelve miles and captured 98 guns and in the neighborhood of 4,700 prisoners. The weekly British admiralty report of vessels sunk by mines or submarines shows a decrease from last week.

Prisoners Exceed 5,000.

London, Aug. 1.—Both British and French gained further ground in the fighting in the Ypres sector today, but the Germans by heavy counter-attacks succeeded in recapturing the village of St. Julien and part of the village of West Hoeke. According to the official report from British headquarters tonight the number of Germans made prisoner exceeds 5,000.

The statement reads:

"Rain continued to fall thruout the day. By successful operation today on our new battle front our line was slightly in the Zillebeke-Zandvoorde road. On the left flank of our attack, our allies gained further ground on the east bank of the Yser canal."

"During the night our new positions east and northeast of Ypres, between Westhoeke and St. Julien, were heavily counter-attacked by strong forces of the enemy. Our troops successfully resisted the enemy's repeated attempts to drive us from the important positions on high ground captured yesterday in this neighborhood but under the weight of his assaults and after stubborn fighting we were compelled to withdraw our advanced troops from the village of St. Julien."

"The fighting was particularly fierce for possession of the village of Westhoeke, where we now hold the eastern outskirts."

"This after the enemy again attacked in the neighborhood of the Ypres-Roulers railway and at the second attempt succeeded in entering our advanced positions on a narrow front. The fighting continues."

MORE RED CROSS MEMBERS NEEDED

Are we, each and every one of us, still doing our bit? Even though our real membership campaign has closed, let us have pride enough in Morgan county to make an effort to rank first in the State, so far as the percentage of our population is concerned. Our quota was 5163. We now have 7653 members. If each present member should make himself or herself a committee of one to bring in at least one or more memberships, success could be assured. Let us all do our best. Let the children join. The Red Cross wants every one. As an added incentive, let us strive to win the beautiful Red Cross flag, which is being made by Mrs. Lowden, to be presented by her to the county ranking first in the State of Illinois. JOIN TODAY.

HIGH SCHOOL PRIVILEGES FOR ALL

The law providing that in all counties of the state where pupils are not accorded the privilege of attending a high school, a tax must be levied to pay the tuition in some high school, will doubtless have the effect of increasing the number of township high schools. Thus far, the township high schools which have passed the legislature have had a stormy time in the courts and several have been declared unconstitutional.

The present law has not been tried out long enough to know whether or not it has defects, but certainly the intent is good—that is, to provide the opportunity for a high school education for every boy and girl who finishes an eighth grade course. This law will also do away with the opposition to the building of township high schools in some communities, for if the property owners find that they are to be taxed anyway for the payment of tuition for pupils resident in their districts they will prefer to pay out the money for the erection and maintenance of a high school near their own homes, recognizing as they will, the advantage not only to the pupils, but to the whole community from such institutions.

IN THE DARK

Secretary McAdoo's recent announcement that seven billions more would speedily be necessary for the successful prosecution of the war came unexpectedly to the bankers and financiers of the country, to say nothing of the public. It was less than two months ago that the two billion liberty loan was floated. There must have been some happening in international affairs to bring this sudden announcement from the treasury department.

The situation indicates a serious happening or a greatly revised view on the part of government officials as to the extent the U. S. war preparations and expenses. If the change is occasioned by disaster the people should know. Those senators and congressmen who are demanding more publicity from the army and navy departments are taking the right stand. The people have a right to know the salient facts in our present international relationships and whether the news be "good" or "bad" the people will be the better for knowing it and the government officials will be accorded more loyal and hearty support.

PROHIBITION UP TO THE STATES

The passage of the law by the senate submitting the question of national prohibition to the several states was expected. It is also believed that the necessary two thirds vote in favor of the measure will be found in the house. Then according to Senator Shepherd of Texas, who is the author of the prohibition amendment, the governors of every state in the union will probably be asked to call a special session of the state legislature for the purpose of ratifying the proposed amendment to the constitution. Early action will be urged on the ground of conservation of grain. A provision in the law as passed gives six years during which the necessary number of states must vote favorably upon the proposed amendment to make it effective.

Judged by the growth of prohibition sentiment in the past few years and especially the development since the entry of the U. S. into the war, it is not unreasonable to predict the adoption of the amendment. The submission of this proposed amendment to the several states will be the first since 1911, when the question of election of U. S. senators by direct vote of the people was settled. Prohibition has been "on the way" for several years now and it is much "nearer" because of the senate action and the expected approval of the house.

GETTING AFTER THE COAL OPERATORS

The men who are seeking to bring federal and state pressure to bear upon the coal situation are engaged in a laudable work. The prices agreed to at the recent conference in Washington between the council of defense and the coal operators were too high in justice to the people.

The coal mine owners are now making profits entirely out of accord with expenditures. In some past years mines have had a difficult time in making income meet expenditures. This constitutes no reason for holding up the public at this time. There are many manufacturing concerns engaged in the production of war munitions who are making such large profits that they do not "kick" about paying high prices for coal. Nobody is feeling bad about these manufacturers, but the trouble is that the price these munition makers pay becomes the market price and the poor man who is working for a moderate daily wage must bear the burden.

The coal operators make some excuses, but do not attempt to conceal the fact that they are now reaping very large profits. They talk a lot about the scarcity of labor and shortage of cars and these facts are true. They insist also that in their profits of two or three hundred per cent they are not making any more than are the men engaged in the steel and copper industries and some other lines. The coal men point also to the high prices for grain and cattle, but they are overlooking the fact that they are dealing in natural resources—property in which an increasing number of people today believe the public has joint ownership.

Washing aside all the sound argument in the case and the excuses and all the "bunk," the whole situation can be summed up in a statement made recently by an operator who

addressed a convention on "The Coal Supply of the Country." After question and answer method had shot his arguments full of holes, this wealthy operator declared, "Well, the truth is, we are taking advantage of the situation, just as any other set of business men would do if they had the chance."

MUNICIPAL FINANCE

The most interesting paragraph in the statement issued by Springfield city commissioners yesterday where-in they announced a policy of retrenchment because the city had failed to authorize an increase in taxes, was in language as follows: "The prospective revenue of the city next year amounts to about \$208,000. The problem before us is to restrict expenses to this income because any excess of expenditure over this figure will constitute an illegal debt and one that could be successfully contested in the courts."

If this rule were followed in this city, and in practically every other city in the state, there would be a great change in financial management and in municipal expenditures. The rule in this city and elsewhere has been to buy for the city whatever is needed so long as the city's credit is good for the purchase. This does not mean that city officers of Jacksonville in the past have been guilty of ruthless extravagance, but it does mean that they have followed the general plan of cities in not holding the expenditures to strict accord with the income. Had the policy of the Springfield commissioners as now enunciated as a law been followed by Jacksonville and all other Illinois cities there would now be no floating debts.

Who can remember when this city did not have a floating debt? That day is too far back for memory. The Springfield men by their rigid economy and their curtailing of expense given citizens may be able to hold this year's expenditures down to the income, but certainly they cannot render the service that the people have been accustomed to receive and neither can they do anything toward the payment of that city's large floating debt. Economies can be practiced in municipal governments but some method must be found for increasing revenues, for setting aside the discussion of extravagance, the expenses of all municipalities increased rapidly during recent years, just as is true with individuals, and no effective legal means has been fixed for increasing revenues.

A REPLY TO A PEACE ADVOCATE

A citizen of this city received from the People's Council for Democracy and Peace of New York a request for a contribution for expenses amounting to \$50,000, of the forthcoming convention and movement for peace, the repeal of the conscription law and various other things. The gentleman responded in a manner not anticipated to say the least. Here are his sentiments.

I have your request for a contribution toward the expenses of your forthcoming convention and blank for me to sign stating that I am in favor of your movement. I don't know how you secured my name but it is either an attempt in the dark on your part or else some one has grossly misrepresented me. I served as a humble private in the Army of the Potomac during the civil war trying to overcome just such seekers after peace as you are. I well remember such men as Clement L. Vallidigham, Senator Voorhees, Gov. Seymour and some others had as great an antipathy to conscription as you have but the work was done just the same as it will be done in this case.

During the civil war strenuous peace advocates most bitterly denounced President Lincoln as the sum of all villainies. Senator Voorhees declared, in my hearing, that our country was cursed by the vilest tyranny that ever oppressed a free people and he pointed to a banner on which, in large letters, were the words, "Resistance to Tyrants is Obedience to God," and said emphatically, "There is your remedy."

I well recall a certain gathering in Chicago as late as 1864 when strenuous advocates for peace, like yourself, declared that "after four years of failure to restore the country to peace, etc." the people better listen to their ideas but the country turned a deaf ear and the victory was won.

I am with the government; Wilson is my president; this war is wholly righteous for it is to maintain freedom and crush the vilest despotism and the most cruel power the world ever saw and as a matter of self-preservation solely we should fight it out for the victory of Germany would be our ruin. You would far better abandon your peace propaganda and turn your money and work over to the welfare of the Red Cross organization for then you would be worthy of the attention of patriotic people.

LITTLE SIDELIGHTS OF THE BIG WAR

Italy's war expenditures now average \$2,500,000,000 a month. Germany is replacing silver and nickel money with zinc coins. One hundred thousand women are now employed in the munition factories in Italy.

The Scots Greys have captured more flags in warfare than any other British regiment.

The British Army Veterinary Service now has a strength of over 25,000 officers and men.

Among the Allies the lowest paid soldiers are those of Russia, who receive only one cent a day.

Sir Arthur Conan Doyle, the creator of "Sherlock Holmes," is writing a popular history of the war.

The British post office maintains 500 branch offices in France for the convenience of the soldiers.

Recent auction sales of boots cast off by the British soldiers have realized more than \$100,000 for the government.

To economize leather and other materials the city employees of Mu-

nich have been ordered to wear sandals without socks.

Three hundred newboys of New York city have enlisted in different branches of the military service since the beginning of the war.

In a single week the navy department at Washington has received as many as 2,000 letters, each offering a solution of the submarine menace.

About 12 per cent of the total number of Victoria Crosses granted are received by members of the medical profession serving with the British army.

One American concern has supplied the Allies on the western front with 86,000 miles of barbed wire. The wire is not the ordinary kind, but a special military type, very heavy and strong and painted the grim olive drab of war.

The significance of the insignia of rank on the clothes of United States army officers has been explained as follows: The oak leaf is worn by a captain, and the poplar leaf by a major, because the poplar grows taller than the oak. The eagle signifies a colonel, because the eagle soars above the poplar. The stars are for generals, because the eagle looks toward the stars which shine over all.

Included in the Russian army is a division called the Corps de Chasseurs, of which little is known outside the scene. They are picked men, chosen for various reasons, and include not only the men of best education but also the best runners, sharpshooters, fencers, swimmers, climbers, sappers, fishers and hunters. As pioneers, they build bridges across the broadest and fastest rivers of Russia. As hunters and fishermen they provide the army with game and fish. They are under a strict and special discipline, but they are not obliged to march in line, are free from barrack service, and are excused sentinal duty.

Rippling Rhymes By WALT MASON

MOUNTAIN LIFE

In Colorado hilly, from city life remote, I write these verses silly, which get the reader's goat. With snow-capped peaks behind me, and snow-capped peaks in front, the strolling tourists find me hard at my daily stunt. Oh, silent, solemn mountains, down which bright streamlets roll, from snowy springs and fountains, you soothe my ancient soul. The days are warm and sunny, the evenings cool and gray; the climate's worth the money, however much you pay. The nights are great for sleeping; when to his couch man goes, at once he finds he's reaping a crop of sound repose. All night the cool breeze loose is, it murmurs and it whines, among the nodding spruces, the cedars and the pines. The sleeper does not hear it, no worldly sound he hears; he roams afar in spirit among the shining spheres. Man sleeps in Colorado as when he was a kid, before old Worry's shadow on joy clamped down the lid. It seems a thousand pities that I can't well afford to bring from sizzling cities a heat-exhausted horde, and let them rest and ramble among these mighty hills; I'd like to make you gamble, but cannot foot the bills. Oh, here the sad and weary might find surcease of pain, the loosed and the peery might soon again be sane.

THIS DATE IN HISTORY

August 2, 1824—A proposition, backed by the slavery sympathizers, to call a convention to amend the state constitution, was defeated by popular vote.

FUNERALS

McCullough

Funeral services for Edward W. McCullough were held from Gillham's undertaking parlors Wednesday morning at 10 o'clock in charge of Dr. A. B. Morey, assisted by Jacksonville Lodge No. 152 Knights of Pythias. The Pythian service was in charge of A. B. Morey, Chancellor Commander, J. B. Siebert, vice-chancellor, James I. Graham, prelate and Ralph I. Dunlap, Master of arms. Music was furnished by a Knights of Pythias quartet composed of W. W. Gillham, James I. Graham, W. S. Badger and T. H. Rapp. Burial was in Diamond Grove cemetery, the bearers being LeRoy Potter, James I. Graham, John S. Sheppard, H. C. White, C. B. Massey and Herbert J. Capps.

Following the drowning of Mr. McCullough, Corinthian Lodge No. 63, Knights of Pythias of Sterling, took charge of the body and it was accompanied here by J. E. Harmon, representing the Grand Lodge. Mrs. McCullough and her daughter also accompanied the remains and while here were guests of James, Charles and Reuben McCullough, cousins of the deceased. A committee from Jacksonville lodge went to Concord Tuesday afternoon and met the funeral party and accompanied them to the city.

FOR SALE—Five passenger touring car in good condition. Cheap if taken at once. Bert Young, care Modern garage.

MISSIONARY MEETING

The missionary society of First Baptist church will meet this afternoon with Mrs. Thomas Harber at her home on Webster avenue. Mr. and Mrs. E. K. Higdon, who have been engaged in missionary work in the Philippines, will be present and both will speak. These addresses will take the place of the regular program planned for the afternoon.

James DeHaven and Mrs. Lillian Roosa of Springfield are guests of Mrs. Joseph H. Wells at her home 121 East Morton avenue.

DRASTIC ECONOMY PLAN OUTLINED

Springfield Council Will Hold Expenses Within Revenues — Many Employees To Go—No Lights After Midnight.

Because the people of Springfield voted against a proposed increase in corporate taxes the city commissioners there have promulgated a program of rigid economy. The tax change would have brought the revenue of \$124,000 and without this money the commissioners declare that they cannot operate city affairs along the lines which previously were in effect. Street lights are to be shut off at midnight. Outlying fire department stations will be closed. A large number of employees will be discharged. The commissioners in a public statement declared that they were not in any way attempting to punish the public for failure to authorize increased taxes but were simply following the policy dictated by good business judgment and furthermore were intending to live within the law because "any excess of expenditure over the income will constitute an illegal debt, one that could be successfully contested in the courts."

The commissioners' statement taken from the Springfield Register is of general interest, as some of the financial conditions in Springfield are not distinctive but apply to nearly all cities in the state with a population of 10,000 or more.

"By their vote Tuesday the people of Springfield decreed that their city should exist on an income about one-half sufficient to meet the cost of the services the city now renders. "The city commissioners have no choice other than to accept the verdict rendered and reduce departments to approximately one-half their present effectiveness.

"This remains the only choice available because the city, by the result of the election, is deprived of credit. It therefore has no means of securing money with which to meet its ordinary operating expenses for the balance of the present fiscal year, which expires February 28, next.

"A favorable vote yesterday would have given the city \$124,000 of the \$145,000 loss which the city has sustained in its revenues in the past year through causes well known to the public. By practicing close economy the commission would have to maintain departments at least at their present standard.

Cannot Borrow Funds

"Because there are no funds on hand and none available for eight months, and by reason of the fact that the city is now deprived of borrowing capacity, the city commission finds it imperative to reduce at once all services dependent on corporate revenues for their maintenance.

"The prospective revenue of the city next year amounts to about \$208,000. The problem before us is to restrict expenses to this income, because any excess of expenditure over this figure will constitute an illegal debt and one that could be successfully contested in court.

"In order to bring expenditures within the anticipated revenue, stringent retrenchment becomes necessary in many departments, but more particularly the following:

- "Fire department.
- "Police department.
- "Health department.
- "Electric light department.
- "City hall payroll.

Employees Given Notice

"At a meeting last night the commission notified all employees under civil service that remuneration for their services would, beginning Aug. 1, be computed on a daily instead of monthly basis. This action was decided upon in order to prevent collection, under the civil service act, of a full months pay by such employees, even though they may have served only one day of the month.

"Tomorrow morning all motor apparatus in outlying engine houses will be stationed at the downtown houses and horse-drawn equipment stored in the outlying houses, all of which will be closed. Horses used by the department will be turned out in pasture. Only sufficient firemen will be retained to man the downtown houses.

"Commissioner Reece will tomorrow notify the adjutant general of Illinois, Sheriff J. A. Wheeler and A. D. Mackle, general manager of the Utilities company, that it will be necessary to so reduce the police force as to render it incapable of adequate protection to property. The extent of the reduction in personnel of the department will be determined as soon as practicable.

To Shut Off Lights

"Commissioner Spaulding finds it necessary to shut off all street lights at midnight in order to reduce bills. The light department is largely dependent on the income from street lighting to meet its running expenses and the city is unable to pay the lighting bills and at present is indebted to the department for three months' bills, amounting to about seven thousand dollars.

"Mayor Baumann has decided upon abolishing the gas and meter inspection department. Elevator service at the city hall will be discontinued Wednesday until further notice.

"The commission will meet today for the purpose of devising additional reduction of the city hall payroll. "The desire of the city commission is to give the very best service possible under the circumstances. The reduction in working forces outlined may have to be extended still further in order to keep the city secure from illegal and contestable obligations.

Vote Stopped Credit

"The credit of the city is limited to 5 per cent of the assessed valuation of property. This credit limit is fixed at the sum of \$781,000. The outstanding obligations of the city today amount to the sum of approximately \$745,000 but the balance between this amount and the credit limit is not available now because the election yesterday deprived the city of its ability to collect sufficient funds wherewith to repay any more than the debts at present outstanding.

You'll Be Wanting a Car Soon. Ask for Demonstration Now. BERT YOUNG, Distributor 214 West Court Street—Care Modern Garage Both Phones 383

"The floating debt of the city for many years has averaged about \$150,000 and at times has reached \$170,000. This debt was this year reduced to about \$60,000 by application of tax funds ordinarily used for payroll and other purposes. The reduction was effected in order to make possible the sale of \$110,000 of bonds voted by the people last spring for motorizing the fire department and installing an underground conduit system downtown.

"To thus preserve the credit of the city, its funds have been depleted to such extent that there remains no money wherewith to meet expenses for the remainder of the fiscal year. It will therefore be impossible for the city to meet payrolls or other ordinary expenses even under the rigid retrenchment scheme decided upon until additional money becomes available through taxes next March.

"The city commission is not indulging in a despair or the howl of calamity, but is merely advising the public of conditions."

ASSERTS GERMAN EXPENSES INCREASE

LONDON, Aug. 1.—According to official statements, said Andrew Bonar Law, chancellor of the exchequer, in the house of commons today, the expenditure of the German government from February to May of this year was at the rate of 150,000,000 pounds a month as compared with 100,000,000 monthly

for the first half of 1916. The figures given, the chancellor explained, did not include civil expenditures of loans to Germany's allies.

The total expenditure of the French government for all purposes was 4,469,000 pounds during the chancellor said.

NO EXHIBITS AT THE CHAUTAUQUA THIS YEAR

So Great Has Been the Demand for Space for Campers that No Space for Commercial Display Tents Will be Allowed

So great has been the demand for tenting space on the part of individuals at the chautauqua grounds this year that tents for commercial display will not be erected, it was finally decided at a directors' meeting held at the Farmers State bank Wednesday afternoon at 4 o'clock.

The Pastoral Helpers of Central Christian church, who have had charge of the eating pavilion for several years past, found it impossible this year to do the work owing to the absence or illness of several of the members. Upon discussion it was thought best to open this concession privilege to other churches before definite decision is made.

Carl H. Weber was named head of a committee to look into the matter of the oiling of Hardin avenue. So much is this street used that the safety and comfort of motorists seem to demand that it be kept in good condition during the period of the chautauqua.

GOOD ATTENDANCE AT ARENZVILLE PICNIC

Program Under the Direction of the Arenzville Local, A. H. T. A.—Jacksonville Men Speak

Attendance records for the past several years were broken Wednesday at the annual picnic given by the Arenzville local, Anti-Horse Thief association. The cooler weather and the good condition of the roads made motoring easy and many Jacksonville people were numbered among the many who made the trip.

A program of athletic events was carried out and prizes were offered also for a number of stock exhibits. H. E. Palmer and Ed Heilman were the committee in charge.

The addresses were made by Carl E. Robinson and John M. Butler of this city, both attorneys giving patriotic addresses in the course of the afternoon to well pleased audiences. The fish and burgoo were of excellent quality, maintaining well the standard set up in other years by the Arenzville A. H. T. A.

OLD COAL SHAFT AT FRANKLIN BURNED

Destruction of Mine Property Recalls Business Venture of Many Years Ago

The old coal shaft by the C. B. & Q. right-of-way at Franklin was burned to the ground Tuesday afternoon by fire which was thought to have started from the sparks of a passing engine. The old creamery building which stood nearby was consumed also.

The destruction of these properties recalls some all but forgotten business ventures, the sinking of the coal shaft dating back some thirty years. About ten years ago, however, new machinery was installed and the wood-work was repaired, tho it is recalled by Franklin residents that no coal was ever dug.

CABINET APPROVES CREDIT.
Madrid, Aug. 1.—The cabinet has approved credits of twenty-eight million pesetas for the war department and for the improvement in army corps services.

RAILROAD EARNINGS SHOW BIG INCREASE

Revenues for Month of June Nearly Ten Per Cent Over June, 1916, the Most Marked Increase of Recent Months.

Washington, Aug. 1.—Preliminary returns of railroad earnings to the interstate commerce commission, covering approximately one third of the railroads, show an increase in net revenues for the month of June of nearly ten per cent over June 1916, the most marked increase of recent months.

Earnings of 68 roads are shown. Operating revenues increased almost one-sixth over June 1916, totalling \$142,173,000. Operating expenses increased from \$80,000,000 in June 1916, to \$96,652,000, leaving net revenues from railroad operations of \$45,910,000, as compared with \$42,378,183 a year ago. Net revenues per mile shows an increase of 48, rising from \$501 in June 1916 to \$549.

The roads for the eastern district, for the first time since February, show an increase in net revenue over the same month a year ago, net revenues having increased from \$18,306,076 to \$19,104,284 within that period. Western railroads showed an increase in net revenues of \$3,900,000 or nearly twenty per cent over June 1916.

Figures made public today are of the first returns and will be supplemented by complete returns from all railroads whose annual revenue amounts to more than \$1,000,000.

BERNSTORFF MEETS GERMAN CHANCELLOR

COPENHAGEN, Aug. 1.—Count Von Bernstorff, former German ambassador to Washington, was among the few selected guests invited by Baron Von Treutler, Emperor William's diplomatic adviser and Prussian envoy to the court of Bavaria, to meet Chancellor Michaelis at tea on the occasion of the chancellor's visit to Munich. Herr Michaelis wore a captain's uniform, giving the Berlin Vossische Zeitung the opportunity to scoff at the worship of epaulettes which puts a leading statesman in line officer's uniform but says that there is little doubt that Chancellor Michaelis, like Dr. Von Bethmann-Hollweg, ex-chancellor, and Herr Von Jagow, former minister of foreign affairs, will be speedily promoted to more adequate rank.

ALIENS MUST SERVE.

Paris, Aug. 1.—The chamber of deputies without discussion today adopted a bill which provides that every alien in France liable for military service in his own country must serve here or be regarded as a deserter.

THE BIRTH RECORD.

SENATE ADOPTS PROHIBITION BILL

(Continued from Page 1)

Vote on Stone Amendment

Those voting for the Stone amendment were:

Democrats: Broussard, Gerry, Gore, Hardwick, Hollis, James, Newlands, Phelan, Pittman, Pomeroy, Ransdell, Reed, Salsbury, Stone, Underwood and Williams. Total 16.

Republicans: Brandegee, Calder, France, Freelinghuysen, Harding, Johnson of California, Kellogg, Lodge, New, Penrose, Sherman, Woodworth, Warren, Watson and Weeks. Total 15. Total for 31.

Those opposing:

Democrats: Ashurst, Bankhead, Beckham, Chamberlain, Culberson, Fletcher, Hitchcock, Jones of New Mexico, Kendrick, King, Kirby, Lewis, McKellar, Martin, Myers, Overman, Owen, Shafer, Sheppard, Shields, Simmons, Smith of Georgia, Smith of South Carolina, Swanson, Thompson, Trammell, Vardaman, Walsh and Wolcott. Total Democrats 29.

Republicans: Borah, Brady, Colt, Cummins, Fernald, Gronna, Hale, Jones of Washington, Kellogg, Keen, Knox, McNary, Nelson, Norris, Page, Poindexter, Smoot, Smith of Michigan, Sterling and Sutherland. Total Republicans 21. Total against 50.

Various proposals toward submission of limited or partial prohibition were rejected. An amendment by Senator Newlands, contemplating prohibiting manufacture, sale and importation of distilled beverages alone without action on beer, wines and other light intoxicants was defeated 57 to 22. The senate also rejected 55 to 26, an amendment by Senator Phelan, proposing submission of alternative articles to the constitution on the Sheppard provision and the other for prohibition of distilled beverages only.

DANIELS GIVES OUT DETAILS OF ATTACK

(Continued from Page 1.)

American convoy would pass from the Azores.

U-Boats Apparently Notified

"It appears from the French report and from the location of the attack that enemy submarines had been notified of our approach and were probably scouting across our route. Their failure to score hits was probably due to the attack being precipitated by the fortuitous circumstances of the flagship's helm panning and the sounding of her whistle, leading enemy to suppose he had been discovered. The H. leading the second group, encountered two submarines, the first about a hundred miles off the coast of France and the second two hours later. The I investigated the wake of the first without further discovery. The J sighted the bow wave of the second at a distance of 1,500 yards and headed for it at a speed of 25 knots. The gun pointers at the forward gun saw the periscope several times for several seconds but it disappeared each time before they could get on due to the zig-zagging of the ship. The J, passed about 25 yards ahead of a mass of bubbles which were coming up from the wake and let go a depth charge just ahead. Several pieces of timber, quantities of oil, bubbles and debris came to the surface. Nothing more was seen of the submarine. The attacks on the second group occurred about 800 miles to the eastward of where the attack had been made on the first group.

"The voyage of the third group was uneventful."

HEAVY RAIN ALMOST HALTS OFFENSIVE

(Continued from Page 1.)

"The number of prisoners the British captured in yesterday's operations is now known to exceed 5,000. A few guns and a number of machine guns and trench mortars were also taken, the exact figure has not been ascertained."

SETTLE DISPUTED POINT IN STRIKE

CHICAGO, Aug. 1.—The appointment and promotion of yardmasters, a disputed point which was one of the causes of the strike here last Saturday of switchmen members of the Brotherhood of Railroad Trainmen, was settled today by the conference committee named in the strike settlement Monday morning. It was agreed that in the appointment of yardmasters the senior yardmen in all cases would be given full and unprejudiced consideration. The switchmen had asked preferential treatment for their members in the appointments.

It was also agreed that the yardmen leaving the service of a road should forfeit all seniority rights and that in the employment of yardmen experienced men should always be given preferred consideration.

RAIN DURING WEEK DELAYS FARM WORK

SPRINGFIELD, Ill., August 1. Rain during the week ending Tuesday, July 31, delayed farm work in Illinois in some places, while in other sections rain is needed for corn and pastures, the report of the federal weather bureau, issued here today states.

"Hay is mostly cut," the report continues. "Oats are being harvested in the north and threshing is progressing elsewhere. The crop is exceptionally good."

"Wheat is mostly cut and threshing is general. The yield is not generally heavy."

Corn is growing fast and is tasseling.

"Apples are plentiful. The condition of vegetables is satisfactory."

REV. HY ALKIRE WRITES TO FRIENDS FROM TEXAS

Former Minister Here Has Well Defined War Views—Sees No Reasons for Exempting Ministers.

The following letter was recently received by a Jacksonville friend of Rev. Hy S. Alkire, former pastor of Brooklyn church who is now located at Alvin, Tex. Mr. Alkire writes in characteristic vein and his friends here will be interested in hearing from him.

I've been "thinking and thinking" I'd drop you a line. But, say, boy, had you camped on my trail since I left Illinois two years ago, you would not wonder at my neglect. But I'm catching up now and plan to take things easier. (Wife says I've said that for 15 years—not done it yet!) Well, at any rate I will have some mental reservation for myself anyway.

Say, you newspaper fellows have been in alfalfa this year haven't you? No lack for news; but from E. St. Louis, Bloomington, and Springfield, looks like it was bloody news; then the awful storms at Mattoon, etc., seem to indicate that there's local as well as world-wide epidemic of bloodshed.

Haven't gone to the front yet; would tomorrow, but church folks kick so hard. Have decided to serve the year out, then if conditions still critical, am liable to go. So few of our members seem to volunteer; see no reason under the sun why a rugged well-fed minister, or divinity student should be exempted. Really resent the emasculation suggested by our exemption. So many here to serve, so few yonder in trench, air on water, and under the seas.

It means cowardice and heavy indemnity later, or quick, strong action with some sacrifice of precious life for the next few months.

No man pled for peace; preached peace; hoped for peace, by our neutrality, more than myself. I wanted Uncle Sam to keep out, to feed and care for the war-ridden, and to be a big brother to all Europe when the war was over. As you know, I'm not a Wilson man; but I say that Woodrow Wilson has been the greatest peace man the world has produced. But we were forced to fight; and he's my president. So I'm with him day and night. Come down, and I'll give you scoop on some Texas news. Gov. "Jim" has about spent his strength. Will send you copy of local paper. Best to your Journal bunch, and all who may be interested.

Fraternally,
Hy S. Alkire.

MORTUARY

Kiloran

John Kiloran son of the late Mr. and Mrs. Michael Kiloran died at Indian Harbor, Ind. Tuesday after a short illness. Deceased was a machinist by trade and was born in this city June 14, 1877 and spent the greater part of his life here. He is survived by two brothers, P. F. Kiloran of Indiana Harbor, Frank Kiloran, day desk sergeant of this city, and two sisters, Mrs. E. Schall of Chicago and Miss Katie Kiloran of this city. He also leaves a nephew, Frank Kiloran and a niece, Miss Margaret Grabner, both of Chicago. The remains were brought here and funeral services will be held from the Church of Our Savior at 8:30 o'clock this morning with burial in Calvary cemetery.

Buckheit

Harry Buckheit, son of Mr. and Mrs. H. E. Buckheit of Chicago, is dead at his home, according to word received Wednesday afternoon by Mrs. Henry Engel. No particulars of death were given. The deceased was 16 years of age and went to Chicago with his parents about two years ago. The funeral will be held in Chicago this afternoon. One sister, Mrs. Pearl Moran survives, in addition to the parents.

SENATE ADOPTS RESOLUTION.

Washington, Aug. 1.—Senator McCumber's resolution requesting the president to negotiate with the allies for an agreement to allow drafting of their alien nationals in this country was adopted late today by the senate.

SUCCESSFUL PICNIC HELD AT NORTONVILLE

Annual Fish Fry and Burgoo Attended by Large Number—The List of Prize Winners.

The annual picnic at Nortonville has a reputation for plenty of good things to eat and a good entertainment program and the fish fry and burgoo picnic held Wednesday was no exception to the rule. Music was furnished by the I. O. O. F. band of Roodhouse. O. E. Tandy of Jacksonville was announced to speak, but did not find it possible to attend, and as there was no time to secure a second speaker this part of the program was dispensed with. The burgoo was made by W. T. Henry and the fish was fried by Everett Sheppard and Louis Sooy. Jonas Wilson, F. L. Hungerford and Charles F. Story composed the committee in charge.

The horse show began in the forenoon and the prizes awarded at this time included, for the best:

Draft colt—Thomas Lacey, first and second.

Roadster colt—W. S. Seymour, first.

Draft team—W. S. Seymour, first. All purpose team—Andrew Kehl, first; William Neece of Scottsville, second.

In the afternoon an athletic program was carried out with winners as follows:

Foot race for boys under twelve—Russell Scroggins, first; Howard Lacey, second.

Foot race for girls under twelve—Susie Jackson, first; Nellie Miner, second.

High kick—Albert Dray, Centerville.

Ladies' nail driving contest—Miss Mary Golden, first; Mrs. Thomas Lacey, second.

The prize for the homeliest young man was given to John Dougherty and the award of like kind for the young women was won by Miss Veda Steele. John Snyder of Alexander was the man "with the longest hair."

More Horse Events.

The judging of horses was continued during the afternoon with results as follows:

Single driving horse—Thomas Lacey, first; Allen Russel, second; Fountain Pond, third.

Saddle horse—Thomas Lacey, first; Jesse Vedder, second.

Best lady driver—Miss Helen Dobson, Murrayville, first; Miss Jane Wright, Murrayville, second.

Worse matched team—Virgil Vedder, first; Albert Grider, second.

The Baby Show.

Prizes were offered in the baby contest for the best developed children under twelve months.

The first prize among the boys was Wendell Claussen, son of Mr. and Mrs. Gideon Claussen.

For the best baby girl the prize went to Mary Rosta Seymour, the daughter of Mr. and Mrs. Parker Seymour.

WITH THE SICK

Dr. J. M. Elder has for the past few days been quite ill at his home in Franklin.

Mrs. Joseph Seaver of Franklin was brought to Our Savior's hospital Wednesday suffering from appendicitis. She expects to undergo an operation this forenoon.

George W. Barrette is confined by illness to his home on South Diamond street.

Sheldon Snyder, two year old son of Dr. and Mrs. R. R. Snyder of Des Moines, Ia., shot in the mouth by the accidental firing of a small revolver, is improving steadily according to word from Passavant hospital, where the child is a patient.

Miss Catherine Eador, the daughter of Mr. and Mrs. Edgar Eador, is quite ill at her home in Franklin. She was stricken with typhoid fever several days ago and her condition now is considered serious.

Season tickets are not transferable and must be signed by the owner in ink before presenting at the gate.

SUBSCRIBER'S TICKETS NOW READY

Get Your Tickets Now

Last year subscriber's tickets went to a premium. Many who had them for sale sold out long before the assembly opened. In 1915 and 1916 one thousand more subscriber's tickets were issued than will be issued this year.

The management will sell to subscribers adult's season tickets at \$1.50 and child's season tickets at \$1.00 until the subscriber's allotment is exhausted, and after that will sell no adult's season tickets for less than \$2.00. Subscribers should secure their tickets of the Secretary and not from other subscribers.

PLAYS COAL MEN IN LETTER TO CONGRESSMAN

William N. Hairgrove seeks to impress Mr. Rainey with need for action to relieve people of high prices—Tells of enormous profits.

William Hairgrove has undertaken the laudable task of fighting the battles of the people in an effort to secure lower coal prices this winter. Mr. Hairgrove has been working on the matter for the past two months—that is writing to state and national officials. Most of his correspondence has been with Congressman Rainey and yesterday he sent a telegram to Governor Lowden, as he noted that a committee representing the state council of defense and coal operators would soon meet with the governor and discuss the situation. Hairgrove as a Jacksonville citizen

and as president of the Illinois Plumbers' association, has been working somewhat along the same line and has written to Governor Lowden, Congressman Rainey and others. Mr. Rainey's letters to Mr. Hairgrove thus far have dealt mostly with general facts and have referred to the federal government's action thus far taken. He has suggested also that a number of interested persons should write to Senator Sherman to use his influence in the matter.

Mr. Hairgrove's latest letter, which shows his understanding of the situation, sets forth some facts which should certainly get attention down in Washington. It is fortunate that the agitation for lower prices is being waged while the summer season is on, so that any result accomplished will be in effect before winter day comes. In his last letter to Congressman Rainey Mr. Hairgrove wrote as follows:

Hon. Henry T. Rainey, Washington, D. C.
Dear Sir and Friend—

In reference to the coal question I received your letter of the 23rd inst. which went somewhat into detail of the coal question. I note you say they sell coal in Norway at \$53 a ton, and I have no doubt but what if they were located at the North Pole they would pay One Hundred Thousand dollars a ton for it, if they had the money, and could get it rather than freeze to death, as it would mean sacrifice of life or fortune.

But fortunately the people of the state of Illinois are not so situated as the people of Norway who are practically without coal and their coast is practically under embargo and anyone attempting to take coal to that place stands a chance of losing their boat, as well as their life but that is not true as to Illinois, as a large part of Illinois is underlaid with a seven to eleven foot vein of coal, and this coal hardly ever sells for more than \$25.00 an acre in the ground. It is usually leased to mines at 2 1/2 cents a ton royalty; that there is ordinarily 5,000 tons an acre removed and yet leave one-half the coal—this is done to protect the use of timber for props, etc. and leaving one-half—it will bring \$25.00 an acre for coal at 2 1/2 cents for royalty; the advantage of sale is in getting cash down, as it may not be mined under lease for many, many years, so most land owners prefer to sell for cash at \$25.00 an acre.

Bought Coal at Low Figure
I note from public reports that the Illinois Central, Chesapeake & Ohio, Chicago & Alton, Baltimore & Ohio and other large buyers of coal in the state of Illinois bought coal at the mine in 1916 for about one dollar per ton, that being the contract price eighteen months ago. Since that time wages have advanced about 10 cents a ton—Ten cents a ton is a profit on coal in normal times to an operator; that is assuming that he can get ten cents a ton profit on every pound raised but of course on some grades of coal they have to get more profit under normal conditions because the profits on other grades of coal are less than ten cents per ton—sometimes there is no market for slack, or this slack has to be marketed at a loss but I note that the National Defense Council is headed by Francis S. Peabody, who is the largest operator in the state of Illinois and other members of this National Defense Council are interested in coal mining or sales.

Samuel Insull is connected with Producers Coal Company and Midland Coal company.

WHEAT CROP PLANS FROM FARMERS' INSTITUTE

Careful Planting Preparations are Urged—Much Depends on Methods Used.

Proper preparation of the ground for the wheat crop of 1918 is urged in a bulletin issued by the Illinois Farmers' Institute yesterday. It contains much valuable information for the farmer from an expert in the line of wheat growing. The bulletin is as follows:

"The wheat crop of 1918 will be largely made during the next few weeks. Proper preparation for the crop is more than half the battle in producing satisfactory yields. It is useless to expect to grow a good crop when the ground is not properly prepared, or other essential factors in good farming are neglected. The farmer who practices ordinary, slipshod methods in seeding wheat and then depends upon 'luck' to make a good yield is usually doomed to disappointment. The man who harvests 30 and 40 bushels per acre is not 'lucky'—he is simply a good farmer, and one who knows how to produce good yields by proper crop production."

"One very important element of success with wheat is a suitable seed bed. This means a seed bed which affords plenty of moisture, uniform germination, and conditions which prevent winter-killing. Such a seed bed, and the method by which it may be secured on any Illinois farm is described in the following article by Director Ralph Allen, 16th Congressional district, Illinois Farmers' Institute. Mr. Allen is a successful wheat grower in Tazewell county and a man whose experience counts for a great deal in considering the why and wherefore of bumper wheat yields. Mr. Allen says:

The Ideal Seed Bed
"The ideal seed bed for wheat is solid below and mellow above, with moisture close to the surface and all parts of the field equally good. It should feel to the feet like a hard floor covered with soft carpet. It should be so uniform in character that every grain of wheat sowed will be at a uniform depth and imbedded in moist earth, so that every grain of wheat germinates at the same time and appears above the surface at the same time."

"Can this be done every year? Yes, almost every year, and possibly every year. No two seasons are alike, therefore, the method of preparing a good seed bed may vary with the season. The old routine plan of plowing the ground and then working it into condition with the clod crusher, harrow and disc is a very good plan some seasons, and a very poor one in other seasons. Last year it proved a very poor method of seedbed preparation, as evidenced by the many fields of winter killed wheat."

Plows to kill weeds
"If the plow turns the ground up dry and cloddy it is a very good plan not to plow. Work the ground into condition with a disc harrow instead. The best way to avoid a dry, cloddy field is not to make clods. Some of my best yields of wheat have been on land which was not plowed, but a good, deep seed bed was made by repeated discing. I have plowed wheat lands more often to kill weeds, which the discs did not destroy, to kill volunteer oats, or to cover the excess of oats, stubble and corn stalks from the previous year, than as an aid in seed bed preparation. Usually, if I plow at all, I plow quite shallow, just deep enough to accomplish the object for which I plow. Freezing and thawing in winter does not injure wheat nearly so much when the under soil has not been disturbed."

"It is impossible to tell anyone just how to proceed to prepare the best seed bed for winter wheat. It is like playing at a game; the weather moves and then the farmer moves and with every change of the weather the farmer plays to meet the changed conditions of the soil. My only guide is to keep in mind the object for which I plow. Freezing and thawing in winter does not injure wheat nearly so much when the under soil has not been disturbed."

Good Seed Bed Costs Labor
"A good seed bed costs labor to make and lots of labor, too. On my own farm my acreage in wheat runs about one-fourth of my acreage of corn, and as the farm help is employed by the year, we therefore have a surplus of labor and horses after harvest when we are preparing the wheat ground for seeding. We go over the ground as often as possible in two months' time. This perhaps costs \$4.00 per acre for labor, besides the horses and farm implements."

"A seed bed such as Mr. Allen prepares goes a long way in assuring increased per-acre yields of wheat. It is good practice to prepare wheat ground by this method every year, but it is especially desirable this season when a bumper crop in 1918 will mean so much in winning the war. Every Illinois farmer is urged to provide the best possible bed for his wheat this fall. IT WILL PAY, AND IT WILL BE PATRIOTIC."

NOTICE
All property owners are earnestly requested to cut their weeds. There are a number of vacant lots in the city where weeds have grown up in a way to be not only unsightly but a positive menace to health. Prompt attention to this notice will be appreciated by the city.
Jerry Cox, Commissioner of Streets.

TO SEW FOR RED CROSS
Women of Westminster church will meet today at the home of Mrs. J. H. Russell on Caldwell street to sew for the Red Cross. Two sessions will be held, one beginning at 9 o'clock and the other at 2 o'clock.

TO PLAN FOR COLLEGE SPORT

Washington, D. C., Aug. 1.—Members of the executive committee of the National Collegiate Athletic association, together with other representatives of numerous universities and colleges throughout the country, are rounding up in this city for the conference that is to discuss the prospects for intercollegiate athletics during the next college year. The meeting will be called to order at the New Willard Hotel tomorrow morning. President Palmer E. Pierce of the association.

The conference is expected to formulate a program that will appeal to all parts of the country as best suited to safeguard the country's interests in the present critical situation and at the same time to preserve college athletics, so far as they may be kept up without detriment to the military needs. Opinions expressed by members of the executive committee already in the city indicated that football and some of the other leading college sports will be curtailed to meet changed financial conditions, but the probabilities are that the recommendation of the meeting will be to carry on athletic programs in so far as it is possible for each institution to do so.

For sale. Two horses and two delivery wagons. Big bargains. Apply at once. Brady Bros.

SUPR. PERRIN AT OFFICE
Superintendent H. A. Perrin announced Wednesday that his office in the David Prince building will be open daily hereafter from 9 to 1 o'clock. Janitors of the various school buildings in the city began yesterday the work of putting the buildings in order for the opening of the school term.

YECK'S CONCERT BAND
This band, made up of twenty-five accomplished musicians, will render well selected programs, including solos, with sufficient variety to please all. Their programs will close with the moving picture film, "The Soldier's Dream," accompanied by the full band. The music for this film was arranged by the leader of this band and the film was made by one of the best known movie companies. Its presentation by one of our country's greatest bands always brings a repeat request. This feature has been secured by a special arrangement as a patriotic finale for the evening programs of this fine band.

SCOTT COUNTY BOARD IS HARD AT WORK

Exemption Officials Expect to Begin Physical Examination by the Middle of Next Week—Winchester News Notes and Personals

Winchester, Ill., Aug. 1.—The Scott county exemption board, George Hogan and Dr. George Straight, Winchester, and William Green, Bluffs, are hard at work and have the lists almost ready for posting. The Scott county quota is 71 and 142 names will accordingly be summoned for examination. The board expects to begin the work of examination by the middle of next week.

Roark Funeral Held
Well attended funeral services were held Wednesday afternoon for John W. Roark at the home of Mr. and Mrs. Joseph Roark. The Rev. C. W. Caseley, pastor of the Methodist church, was in charge. The music was furnished by a chorus including Mrs. C. W. Barnes, Mrs. J. C. Neat, Mrs. W. C. Kuehler, S. G. Smith and George Collins. With Mrs. J. W. Eckman at the piano. Burial was made in Winchester cemetery. The bearers were William Wainwright, W. S. Roosa, S. L. Weiser, Chris Munze and William Wells.

To School for Nurses
Miss Ruth Priest left Tuesday for St. Louis where she will enter the Barnes Medical College school for nurses. M. B. Edmonson of Clayton is here for a visit with the family of his daughter, Mrs. W. B. Clarke. Mrs. Henry Higgins, Mrs. W. H. Kinison and Miss Helen Kinison will leave Thursday for a visit in Rock Island.

Harrison Corbridge of Bluffs was

a business visitor here Wednesday. He came in his Country Club Overland car.

D. D. Watt and family and Mr. and Mrs. Edgar Gibbs were among people from Scott county who attended the Gibbs-Tankersley reunion Wednesday in Jacksonville.

Mrs. Alva Wright and grandson, of Decatur, arrived Tuesday and Mrs. Lucy Ebey of Monroe City, Mo., came Wednesday to attend the funeral of John W. Roark.

Wonder-Mist. Spray it on wipe dry with cheese cloth. That's all, and your car looks fine. Brady Bros.

PRECINCT SUNDAY SCHOOL CONVENTION

A precinct Sunday school convention will be held in Prentice church Sunday afternoon, beginning at 2:30 o'clock. Clyde R. Martin, precinct president, will have charge of the program. Good music will be a feature and the public is cordially invited to attend. The following are the teachers and their subjects:

Organizing Sunday School—Work—W. H. Crum, Liberty.
Value of a Sunday School to a Community—W. S. Reaick, Ashland.
Our Teen Age Boys and Girls—Rev. Claude Keitner.

Summer, Stylish, Satisfactory SILK SHIRTS sold by FRANK BYRNS' Hat Store, S. W. Corner Square.

Miss Alma Smith of South Church street is visiting her sister, Mrs. Swain Marshall in Beardstown this week.

TAX REVIEW CASE COMES FROM WAVERLY

High School Board There Claims Wemple Bros. are Not Paying on Proper Amount of Personal Property

A petition in form unusual in the records of this county was filed in the office of the county clerk Wednesday wherein directors of a school district are asked to have the personal taxes of Edward and F. H. Wemple increased. There are three petitions addressed to the Morgan county board of review and the first of these, which is filed in behalf of high school district No. 191 and school district No. 1 of Morgan county, sets forth that the returns of Edward and F. H. Wemple for their assessment on personal property in the aforesaid districts fix a full value of \$8,835, on which the assessed value is \$2,945.

The petitioners go on to say that it is their belief that the Messrs. Wemple own personal property within the district in the form of notes, bonds, etc., aggregating \$100,000. The petitioners ask that the board of review make investigations and increase the amount of assessment to the proper figure and furthermore ask that a like investigation be made covering the years from 1906 to 1916 and that collection of back taxes be made. The petition is signed by the city of Waverly, Worthington, Reeve & Green of Jacksonville and Stevens & Herndon of Springfield as attorneys and by W. H. Allyn and W. E. Swift as members of the board of education of the school district mentioned.

A second petition, which is in behalf of the high school district No. 191 in Morgan and Sangamon counties and in school district No. 1 in Morgan county, sets forth that Edward Wemple was the owner of 25,000 worth of personal property located within the district whereas the assessment returns show \$204 of actual value and \$65 of assessed value.

The third petition, which is in like form, makes the same allegations with reference to Edward Wemple. These cases will come before the Morgan county board of review which is made up of the county commissioners and the county clerk. According to the rules of the board of review anyone who desires to complain of an unjust assessment must file with the board of review on or before the first day of August his complaint in writing, in duplicate, on forms which are supplied by the county clerk.

A separate complaint must be made for each lot, tract or parcel of land. The requirements are that complaints as to personal property shall contain the name of the person to whom the property is assessed, the location of the property, together with other facts and reasons why changes in valuations are asked. The present case promises to be one of the most interesting that has come before the board of review in many years, and, as indicated by the facts narrated and alleged, the proceeding is the outgrowth of differences arising from the formation of the township high school district in Waverly and contiguous territory.

Jacksonville lodge No. 570, A. F. & A. M. will hold a stated meeting tonight at 7:30. Visiting brothers welcome. C. S. Richards, W. M. E. L. Kinney, Secy.

YIELD OF WHEAT

PROVED GOOD
Jeffrey Cleary recently threshed 40 acres of hard wheat which averaged 33 bushels to the acre which he sold for \$2.25 per bushel. Mr. Cleary almost decided to plow up the field last spring the prospect was so poor. He also had another field of sixty acres of soft wheat that averaged 26 bushels to the acre. This field in April looked as tho it was all dead but it was left and now Mr. Cleary is rejoicing that he did not follow out his first intentions of plowing under the crop. He is of the opinion that many acres of wheat were plowed under and planted to corn and other crops that would have given a profitable yield if allowed to mature.

FOR SALE
Peaches for canning all this week. Ask your grocer. Canon Produce Co., Distributors.

RECRUITS SHOW GOOD PHYSICAL CONDITION

The recruits for Company B, recently secured by Second Lieutenant Dickson, were given physical examinations by First Lieutenant Neal of the 5th Illinois Infantry yesterday. Lieutenant Neal is a surgeon in the service.

Twenty-six recruits were examined and only two were rejected. This is an excellent record and shows that Lieutenant Dickson has used care and good judgment in his selection of men.

Lieut. Dickson said yesterday that he still needs twenty or more men to recruit the company to war strength. He hopes that he will be able to get the men before he is ordered to report to the company. This is possible by enlistment of those who are below and above the conscription age and yet who are eligible to service in the regular army.

RETURNS FROM TRIP ABROAD

Word has been received in Jacksonville that Willard Ledy, formerly with the Western Union Telegraph company here, had arrived safely in New York after a trip to Paris on a ship carrying munitions. The young man reports a pleasant voyage and says he is soon to go on another long sojourn.

COUNTY HIGH SCHOOL BOARD TO BE NAMED

Election Will Be Held August 30th. Purpose Is to Provide High School Privileges for All Pupils—A New Law.

H. H. Vasconcellos, superintendent county schools, recently posted notices in various parts of the county calling an election for Thursday, August 30, for the naming of a board of education for non-high school districts in this county. The polling places for this election, which will be held in nine precincts, are named below. Three members of the board will be chosen and will act in conjunction with Mr. Vasconcellos in providing high school education for pupils who finish the eighth grade in districts where there is no high school now in existence.

Board Duties.
The work of this board will be to familiarize themselves with the number and name of pupils finishing the eighth grade work in the non-high school districts and then arrange for such pupils to attend high schools at the expense of the property owners in the non-high school districts. The board will, therefore, after finding the number of pupils who must be so placed, estimate the amount of money necessary to pay the tuition for them and certify the amount to the county clerk so that the sum necessary can be included in the taxes levied against the property in the non-high school districts. The districts now having high schools are Jacksonville, Meredosia, Chapin, Murrayville, Franklin and Waverly and the high school in Prentice has been provided for.

It is necessary, therefore, for Supt. Vasconcellos to set off the county into voting precincts, eliminating the territory covered by the high school districts mentioned. This whole plan has been worked out in accordance with a law passed by the last general assembly.

Election Call Required.

The county superintendent is required to call an election for the choosing of a board of education mentioned on or before August 1. The nominations for board membership must be filed with the county superintendent fifteen days before the election and the election will be held under the Australian ballot system. The tax for the tuition shall not exceed one per cent and the levy must be certified to the county clerk on or before the first Tuesday in October. The tax money collected will be kept in the hands of the county treasurer who will pay it out to the proper persons upon orders issued by the board of education. The county superintendent of schools will be ex officio and secretary member of the board and to serve without a vote. Provisions are made in the measure passed by the general assembly for the organization of high school districts. The plan is to be carried out in all territory where no township high school, community high school or district maintaining a recognized four-year high school are existent. Polling places will be as follows:

Polling Places.

Precinct No. 1.—Polling place, Literberry school house (District No. 66). Includes the following territory: All of township 16-9 and 16-10 except the territory in the new organized Prentice community high school district.

Precinct No. 2.—Polling place, Concord school house (District No. 92). Includes all of township 16-11.

Precinct No. 3.—Polling place, Hickory Grove school house (District No. 99). Includes all of townships 15-12, 16-22 and 16-13, except the territory in the Chapin school district No. 94 and Meredosia school district No. 106.

Precinct No. 4.—Polling place, Alexander school house (District No. 15). Includes all of townships 15-8, 15-19.

Precinct No. 5.—Polling place, the Mound school house (District No. 85). Includes all of townships 15-10 and 15-11, except the territory in Jacksonville school district No. 117.

Precinct No. 6.—Polling place, Clayton Point's school house. (District No. 30.) Includes all townships 14-8 and 14-9, except the territory in Waverly township high school district No. 31.

Precinct No. 7.—Polling place, Woodson school house (District No. 27). Includes all of townships 14-10 and 14-11.

Precinct No. 8.—Polling place, Criswell school house (District No. 20). Includes all of townships 13-8 and 13-9, except the territory in the Waverly township high school district No. 191 and Franklin school district No. 31.

Precinct No. 9.—Polling place, Pleasant Grove school house (District No. 43). Includes all of townships 13-10 and 13-11, except the territory in Murrayville school district No. 45.

SPECIAL
ONE LOT OF CREPE DE CHINE, TAFFETA AND SATIN DRESSES, ELEGANT MATERIALS, REDUCED FOR QUICK SALE TO 95 CENTS, \$1.95 AND \$2.95. AT HERMAN'S.

GOOD YIELD OF OATS
Fred Ranson threshed 20 acres of oats yesterday which he put in on Jeffrey Cleary's farm which yielded 94 bushels to the acre. The oats are of the Early Burt variety and Mr. Ranson had treated the seed with formaldehyde for three years which has entirely freed them from smut and brought them up to the present high standard.

AT STATE STREET CHURCH
The ladies' aid society of State Street Presbyterian church will hold an all day meeting today in the church parlors to sew for the Red Cross.

ROCKFORD CANTONMENT NEARS COMPLETION

Co-operation Makes Possible Record Breaking Progress at Camp Grant—Vast Army of Workmen Engaged in Construction Work

Rockford, Ill., Aug. 1.—In the wake of one month's construction push in Camp Grant, books of the purchasing department where every ounce of material entering into the building of the Illinois Division army city is checked daily, show contracts closed for twelve million feet of lumber. Two hundred big barracks buildings, each to house an entire company of Illinois men drawn to serve Uncle Sam in the new national army, are standing and an additional hundred buildings including officers' quarters, construction units, warehouses and the smaller structures built to handle the big working organization, a service. Many of the army barracks buildings already are proving their utility by the housing of workmen. Others stand at various stages of construction and show progress from one week to sixteen days ahead of all other national cantonment sites, according to inspecting officers.

Sixty-five hundred workmen, including 2,500 expert carpenters and units of plumbers, electricians, railroad gangs and the rank and file of laborers are carried on government books and Major D. H. Sawyer is ready to add recruits to the working army daily in order to insure cantonment completion September 1. An incident showing the scope of the big organization came recently when R. S. Breiman, employer general for the Bates & Rogers construction company, sided ten small boys at \$2.75 a day to do nothing but sweat flies. The boys wielded deadly swatters about supply houses and cook quarantines annihilating brigades of house flies in each day's offensive.

Must Show Registration
It is an all-American team that is driving the big army city to completion. Each man employed must be able to show a registration card if he is within the draft age limit and all aliens without first papers or government permits are rigidly barred.

Another instance of the Rockford co-operation which has made possible the record breaking progress at Camp Grant has been disclosed thru the Chamber of Commerce whose directors formed a syndicate of \$90,000 for the purchase of three farms whose owners have been balking over the signing of government leases. Clear lease title to the land has been turned over to the war department by W. H. Barnes, trustee for the syndicate, who engineered the deal, and a total of more than three thousand acres is now included within cantonment limits.

Young men in training here will find everything in readiness for their comfort, health and happiness, declare heads of the dozen hard driven organizations working hard for the interests of the new army. B. C. Oberbeck, field director for the Army Y. M. C. A., is co-operating in the construction of eight association buildings, instead of six as was first planned. A Y. M. C. A. structure will be built in Rockford in addition to the recreation halls and auditorium in the camp. A complete athletic program including football, baseball, basketball, water polo, track teams, and all other items on the sports calendar, has been arranged and will go into service as soon as troops begin to arrive.

City Complaint Bureau
Work also has been started on the beautiful recreation ground at Bunker Hill, comfort stations are under way by the Chamber of Commerce. Information booths have been erected in various parts of the city and already the "city complaint bureau" has adjusted several overcharge items levied on camp workmen. Jitney bus lines to the camp have had their prices regulated and a schedule of prices has been instituted for living quarters in town. Plans are well under way for the construction of a double line street car extension to the camp, giving ten minute service and the first concrete road, built from city to cantonment thru advance of funds to city and county by the Chamber of Commerce has been thrown open for service.

Officials of city, state and government are working together perfectly in the establishment of moral and sanitary zones. Chief of Police Bargen has closed every evil resort in Rockford and offenders are being prosecuted on separate counts by city, state and United States authorities.

Orders are expected daily by officers of the Third Battalion for the mobilization of the entire First Regiment, I. N. G., at Camp Grant to aid in the guard work. The regiment under Colonel Joseph Sanborn has been in active field service since shortly after its return from the border last year. It is thought that the unit will be held here at least a month before joining other Illinois troops in Texas.

For sale. Two Horses and two delivery wagons. Big bargains. Apply at once. Brady Bros.

START ON EASTERN TRIP
Mr. and Mrs. T. C. MacVicar, their sons T. C., Jr., and Girard, and Dr. and Mrs. W. B. Young and son Edward left last night for a trip thru the east. Mr. MacVicar drove his Paige Six and Dr. Young his White car. The itinerary includes a number of stops, and the party spent last night with Mr. and Mrs. Frank Vickery at Springfield.

A. T. BOARD ORGANIZED AT SESSION WEDNESDAY

William Batz Named Chairman and Dr. Dewey Secretary—Will Inspect Buildings Elsewhere.

A meeting of the Anti-Tuberculosis Sanitarium board recently appointed by the board of county commissioners was held Wednesday morning in the headquarters of the Morgan County Anti-Tuberculosis society and organization perfected by electing William Batz chairman and Dr. Grace Dewey secretary.

It was the first meeting of the board since its appointment. A meeting had been previously arranged but W. R. Turnbull of Waverly was injured in an automobile accident and the meeting was postponed until Wednesday.

Under the law the members after their appointment must draw for the various terms of one, two and three years. In the drawing Mr. Batz drew the three year term, Dr. Dewey the two year term and Mr. Turnbull the one year term. Hereafter when the county commissioners make an appointment it will be for a term of three years.

No business aside from the drawing for tenure of office and electing officers was transacted at Wednesday's meeting. However, the members discussed affairs of the board informally. It is the intention of the members to make a visit to Springfield in a few days to talk over the work with Dr. Palmer, who is an authority on such work.

Chairman Batz said last night that it was not probable that any definite action would be taken soon toward selecting a site for the sanitarium. He thought the board probably would visit some of the counties that already have sanitariums and inspect the style of buildings in order that the best may be secured. However, it is the intention to carry out the work of the board as quickly as possible and to the best advantage of the taxpayers.

BIDS FOR COAL.
Bids are hereby asked for supplying the city light plant and pumping station with coal for the contract year, which will begin August 9, 1917. Bids are desired for the light plant on mine run, No. 4 and 5 washed, egg; 1-4 inch screenings; for pumping station mine run and steam lump.

The council reserves the right to reject any and all bids, which will be received until 10 a. m. Tuesday, July 31st.

R. L. Pyatt, City Clerk.

CLUB GAVE PICNIC

The Social Domestic Science club gave a picnic and supper at Nichols Park Tuesday in honor of Mrs. Smith and Mrs. Holt of Mexico, Mo., sister and cousin of Stanton Bell of 519 South Church street. Supper was served at 6:30 and everyone present enjoyed themselves to the fullest extent.

OLD JACKSONVILLE

The Mathers-Snyders

By Ensley Moore

(Member Illinois State Historical Society)

The Mathers-Snyders

The Journal of last Thursday told of the March-Pattersons, and now part of the rest of the connections is to be accounted for.

Before doing that, however, it is to be said that, in referring to Edward March—known as "Eddie"—last week the types said he was buried in Chicago. But he was buried here. It was only a "T" added to "here" that made the difference.

The widow, Eliza (Drennan) March—as stated last week—became the wife of Wesley Mathers, in Ireland, April 2nd, 1813. The Mathers' came to America in 1823 losing their second son, Alexander, on the way across the ocean.

Their children were John, Alexander, Eliza, Mary Ann and Wesley.

John Mathers was born in Ireland, Jan. 18th, 1814, being about nine years of age when his parents came to Lexington, Kentucky. In 1830 the family came to Jacksonville, being in time to take part in the "Deep Snow."

John Mathers got some education in the schools of that day, and was a student for a time in Illinois College. He then clerked in a store, until he went in business for himself. In this he was successful until he was about twenty-five years of age, when he decided it was his duty to be a preacher and he was licensed in the Methodist Episcopal church. He joined the Illinois Conference and was placed first on the Athens Circuit and then on the Petersburg Circuit. He was afterwards on the Decatur Circuit, stationed at Upper Alton. Then he was on the Waverly Circuit, and finally at Jerseyville, from which place, in six months, he was sent to St. Louis, Mo. There he was to minister to those who did not join the M. E. church South, at the time of the discussion over Slavery.

Mr. Mathers' poor health caused him to give up his clerical labors in 1848, and he took up the real estate business here. He was successful in this and able to contribute to educational work, especially to the Illinois Female College here.

Mr. Mathers was married Jan. 26th, 1844 to Miss Juliet M. Tucker.

They were the parents of: Joseph Tabor, born July 10, 1849, who was married to Miss Anna English in the fall of 1874. She died about two years later and Mr. Mathers never re-married.

William Drennan, born Dec. 21st, 1852, and married Miss Luella Todd of Minneapolis. They were the parents of Bessie T. and of John. The latter died young. Miss Mathers married William George Goebel, who is connected with the Ayers National Bank.

Edward N. was born Aug. 2nd, 1855, and died at the age of seven years.

Eloise Baldwin, known as "Nellie," was born Nov. 22nd, 1860 and became the wife of Dr. H. P. Luce of Springfield, Ill. Dr. Luce has since become a prominent citizen of Seattle, Washington, and has been Lieutenant-Governor of that state. He is now engaged in banking.

Anna, was born July 1st, 1866 and died Sept. 1st, 1868.

Mr. John Mathers was one of the local founders and supporters of the Republican party, and identified in business and politics with the first Governor Richard Yates.

Mr. Mathers was the first mayor of the city of Jacksonville and served again two years later, in 1869. He took an active part in politics for years. He died May, 1880.

Mrs. Juliet M. Mathers was born in Bourbon county, Kentucky, April 28th, 1826, being the second child of William and Cassandra (Moore) Tucker. Mr. Tucker was also a native of Kentucky, born April 20th, 1787.

Mrs. Mathers was a bright and interesting woman—good company even in old age. She died August 15th, 1912.

J. Tabor Mathers was in business here for some time and built the marble front building he occupied on East State street. He has taken considerable part in politics, and is now a commercial traveler.

William D. has been a deputy sheriff, was connected with the Star Planing Mills, has been mayor of Jacksonville, has taken an active part in politics, and is now a commercial traveler.

The Snyder daughter of Wesley and Eliza Drennan, became the wife of Gilbert Snyder, here, March 13, 1834. She was born in Ireland, Nov. 1, 1816.

Mr. Snyder was a millwright and assisted in putting the machinery in the first mill in Morgan county. He was a native of Rochester, N. Y., a Whig in politics and identified with the M. E. church. He died

Oct. 14th, 1841. Mrs. Snyder lived until Nov. 12, 1907, being just twelve days over ninety one years of age.

Mr. and Mrs. Snyder were the parents of:

Sarah, who died in young childhood. Wesley S., who married Miss Sallie Sanders, here, was prominent in business and in politics for years. He was an alderman from the third ward. He died about Aug. 25, 1909. Mr. and Mrs. Snyder were the parents of five children.

John M., who was active in business here, in his younger days. During the Civil War he was interested in it, and served as quartermaster of the 101st and of the 6th Cavalry, Volunteers of Illinois. He was private secretary to the great War Governor Yates, and probably served on the staff of Governor R. J. Oglesby. In this capacity he ranked as colonel. He was in Chicago, going to Canton, Illinois, about 1875 to put in gas works, and that has since been his home. Col. Snyder was state commander of the G. A. R. of Illinois about two years ago. He has also taken more or less part in politics. He married Miss Margaret Walker of Ohio, July 30, 1864 and they have had three sons.

Mary Gilbert, who was born here, Feb. 26th, 1842. She was married Oct. 19, 1870 to Thomas J. Bronson, long and well known here and they have been the parents of three daughters, Anna M., Eliza Lucretia and Kittie. Eliza became the wife of the Rev. Preston Wood, a minister of the M. E. church and whose father was also prominent in that church.

Mr. Bronson is a Mason, as was his father, Samuel C. Bronson, of Connecticut, before him. T. J. was born in Avon, N. Y., in 1842 and came to this state in 1862. He was afterwards in railroad business in Springfield and in Omaha, Nebraska. He returned to this place in 1866, which has since been his home. He was first with W. F. Huntley & Co., then for himself and afterwards with W. S. Snyder in the harness and saddlery business. He is still engaged in business work. He has been interested in politics and was an alderman and member of the board of education from the 3rd ward.

The Bronsons now reside on Webster Avenue.

Wesley Mathers was born in Ireland, October 17th, 1821.

Mr. Mathers came with his parents to Kentucky, and then to Illinois in 1830. He became a prominent business man here in the firm of Mathers & Wadsworth, for many years. He was active in the Methodist Episcopal church. The elder Mathers' were very pronounced temperance men. Mr. Wesley Mathers was mayor of this city one term. He died in July, 1878.

Mr. Mathers was married to Miss Millicent Yates, sister of War Governor Yates, May 30th, 1854, at New Berlin, Sangamon county, Illinois.

Mrs. Mathers was the daughter of Henry Yates and was born in Warsaw, Ky., Sept. 25, 1827, her parents being natives of Virginia. Mrs. Mathers' mother's maiden name was Millicent Yates.

Gov. Yates, in referring to their mother, said, "she was a great and good woman."

Mrs. Mathers followed her mother in goodness and was a pretty and bright woman. She died Dec. 3, 1907.

Mr. and Mrs. Mathers were the parents of one daughter, Marietta, who has always made her home in this city. Miss Mathers was married in 1884 to Mr. Frederick H. Rowe, formerly of Poulney, Vt., but resident here since about 1880. Mr. Rowe is a graduate of Williams College, is a lawyer by profession, and is president of the Clover Leaf Casualty Co. here. They have two sons, Cole and Richard Y., and a daughter, Millicent.

Mrs. Rowe is a graduate of the Illinois Woman's College, as is her daughter.

The homes of John and Wesley Mathers were on East State street. That of the Rowes is on West State street, corner of Sansbury.

Mary A. Mathers Rutledge

Mary Ann Mathers, sister of John and Wesley and of Mrs. Snyder, was born in Ireland, and married the Rev. George Rutledge in June, 1836. Extended reference was made to the Rutledge family in an "O. J." sketch dated Sept. 16th and 17th, 1915.

Mr. and Mrs. Rutledge were parents of Arabella, Rev. Wm. Newton, George Wesley, John, Jas. Olin, Julia Clarissa (Mrs. T. H. Rapp), Chas. G. and Harriet Millicent.

ville last Sunday morning. They made the trip in Chester's Ford.

Grandma Smith and Grandfather Stone both continue about the same. The excessive heat is very hard on them.

Oda Owens has been threshing in this vicinity the past week.

T. U. Markham and sisters, Effie and Helene, spent last Wednesday evening with their uncle, C. E. Williams and wife.

Charles H. Taylor is on the sick list at this writing.

MEDICAL EXAMS WILL BEGIN MONDAY

Two Hundred Forty-Two Registered Men Summoned By Local Board—Divided Into Three Groups.

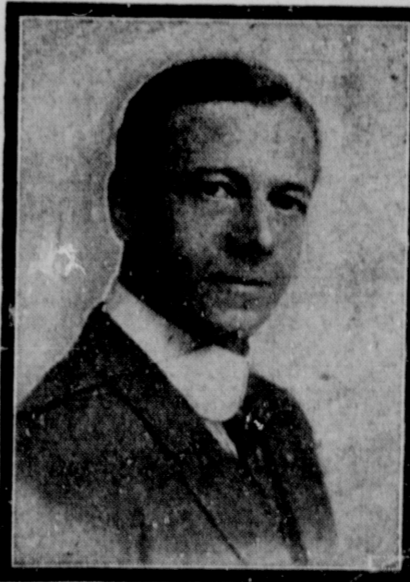

The board of exemptions for Morgan county yesterday issued to 242 registered men notice to appear for physical examination. A list of the names is posted in the office of the board in the Ayers National Bank building and copies were sent to the local papers for publication. Copies were also forwarded to the adjutant general's office in Springfield and to the army department in Washington. The notices sent out were in the form given below showing the serial number and order number of each person. The first 80 named will appear for examination at Armory hall Monday, August 6, at 9 o'clock a. m. The numbers from 81 to 161 will appear Tuesday, August 7, and the numbers from 162 to 242 will appear Wednesday morning, at 9 o'clock at Armory hall. The notices state that any claim for exemption or discharge must be made on forms which can be procured from the office of the local board and must be filed at the office of the board on or before the 7th day after the date of posting of the notice.

In addition to posting and publishing the notices the board will send a notice by mail to each of the men named. The failure to receive such notice or to see the posting notice does not relieve registered men from responsibility. It is his duty to learn the place and hour where he has been summoned to appear and to report at that time. As previously stated, the physical examination will be carried out by Dr. Black as examiner for the board. The re-examining physician is Dr. E. L. Crouch and the assistant examiners are Dr. D. W. Reid, Dr. C. E. Cole, Dr. G. R. Bradley and Dr. G. H. Stacy. Members of the exemption board will be present and there will be deputy sheriffs in attendance. No others beside the registered men and those who are to conduct the examination will be admitted to the hall. Names of those summoned for the three days are given herewith.

Monday, Aug. 6

- 1 258—Donald W. Henderson, Concord.

Stolen bases—Stengel, Daubert.
Kopf. Base on balls—Off Pfeffer, 2.
Struck out—By Pfeffer, 4; Regan, 3.
Umpires—Harrison and O'Day. Time
—1:58.

Philadelphia, 2; St. Louis, 1.
St. Louis, Mo., Aug. 1.—A wild
throw to the plate by J. Smith in the
tenth inning today enabled Philadel-
phia to beat St. Louis 2 to 1. The
locals got only four hits off Mayer
until the ninth when three successive
singles tied the score.

Score by innings:
Philadelphia 001 000 000 1-2 10 0
St. Louis 000 000 001 0-1 7 1
Mayer, Lavender, Oeschger and
Killifer; Watson, Ames and Gonzales.

COLORADO DAY IN DENVER.
Denver, Colo., Aug. 1.—Colorado
day, the forty-first anniversary of
the admission of Colorado to the
Union, was observed today as a legal
holiday throughout the state. In this
city the banks and public offices were
closed and appropriate exercises were
held in the city parks.

**Laugh When People
Step On Your Feet**

Try this yourself then pass
it along to others.
It works!

OUCH! This kind of
rough talk will be heard less here in
town if people troubled with corns
will follow the simple advice of this
Cincinnati authority, who claims that
a few drops of a drug called Free-
one when applied to a tender, aching
corn stops soreness at once, and soon
the corn dries up and lifts out with-
out pain.

He says freezone is an ether com-
pound which dries immediately and
never inflames or even irritates the
surrounding tissue or skin. A quar-
ter of an ounce of freezone will cost
very little at any drug store, but is
sufficient to remove every hard or
soft corn or callus from one's feet.
Millions of American women will wel-
come this announcement since the in-
auguration of the high heels.—Adv.

**WALTER JOHNSON'S
TEN TH ANNIVERSARY.**

Washington, D. C., Aug. 1.—To-
morrow will be a day of prominence
in the baseball world, for it will
mark the tenth anniversary of the
great Walter Johnson's debut as a
major leaguer. Just ten years ago
today Joe Cantillon, the manager of
the Washington team, sent the fu-
ture "speed king" to the firing line
in a battle with the Detroit Tigers.
Johnson had come to Washington as
a rookie pitcher from Idaho and the
game with Detroit was his first in
the big league.

From that day to this Johnson has
continued to wear a Washington uni-
form. He has been an effective
pitcher from the start, but it was
not until 1910 that his work earned
him nation-wide fame. His record
for the decade is as follows:

Year.	Won.	Lost.	Pct.
1907	3	9	.357
1908	14	14	.500
1909	13	25	.342
1910	25	17	.595
1911	23	15	.605
1912	32	12	.727
1913	36	7	.837
1914	28	18	.609
1915	27	13	.675
1916	25	20	.556

ARMY CHAPLAIN RETIRES.

Washington, D. C., Aug. 1.—Chap-
lain Halsey C. Gavit, first cavalry,
well known to thousands of men in
the military service, was placed on
the retired list of the army today.
He is a native of Ohio and was ap-
pointed to a chaplaincy in the army
shortly before the beginning of the
war with Spain.

RACING ENDS IN CANADA.

Toronto, Ont., Aug. 1.—The close
of the Hamilton Jockey club meet-
ing today is expected to virtually
end all thoroughbred racing in Can-
ada during the duration of the war.
The closing down of the tracks is
directly due to the order-in-council
which prohibits public betting. The
order becomes effective today and
will remain in effect for six months
after the conclusion of the war.

TENNIS STARS IN BIG TOURNEY

Seabright, N. J., Aug. 1.—This
resort today became the mecca for
several score of the faithful who
stand high in the ranks of the ten-
nis world, and no one knows how
many of the enthusiasts, their satel-
lites. From every section of the
east, and a scattering from the west
and south, the expert wielders of
the racquet have flocked here to
participate in the invitation tourna-
ment of the Seabright Tennis and
Cricket club. There is every indica-
tion that the tournament will be
one of the biggest events of its
kind this year. Thousands of spec-
tators' tickets have been sold, the
proceeds to be turned over to the
American ambulance fund.

The noted players entered for the
doubles tournament include William
M. Johnston, former national singles
champion, and with Clarence J.
Griffin, holder of the doubles cham-
pionship; Robert Lindley Murray,
fourth in the national ranking of
last year; Frederick B. Alexander
and Karl H. Behr, both former in-
ternationalists; Harold K. Throck-
morton, national junior champion;
Theodore Roosevelt Pell, Holcomb
Ward, Fred C. Inman, W. Merrill
Hall, and Raymond D.
Miss Molla Bjurstedt, present cham-
pion, and Miss Mary Browne, form-
er national title holder, will play in
an exhibition singles match and also
compete in mixed doubles.

The New York Infirmary for Women
and children, founded in 184 by a pioneer
woman suffragist and physician, Dr.
Elizabeth Blackwell, is to offer to the
Government the first ambulance unit
composed entirely of women.

**SOX BLANK BOSTON
AND REGAIN LEAD**

RUSSELL PITCHES STRONG GAME
THRUOUT.

Only One Bostonian Reaches Third
Base—Felsch's Fielding Proves
Strong Point in the Defensive
Play of the Winning Team.

Boston, Aug. 1.—After winning
seven straight games Boston was
shut out by Chicago, 4 to 0 today,
Chicago regaining the lead in the
American League race. Russell
pitched a strong game thruout, only
one of the Boston team reaching
third base. Felsch's fielding was a
strong point in the defensive play of
the winning team. Mays was hit
hard. Jackson's home run was to
the flag pole in center field. Score:

Washington, 5; Detroit, 4.

Washington, Aug. 1.—Washing-
ton defeated Detroit, 5 to 4, in thir-
teen innings today. McBride, whose
error in the eighth gave Detroit the
run that necessitated extra innings,
scored Rice with the winning run by
hitting safely with the bases filled.

Johnson and Schang.

**JAPANESE LABOR
UNION CELEBRATES.**

Tokio, Aug. 1.—The Yua Kai or
Friendly society, which is Japan's
greatest approach to a labor union,
today celebrated the fifth anniver-
sary of its organization. The society
was formed in 1912 by B. Suzuki,
who is known as the Gompers of
Japan. Today the organization num-
bers more than 110 local branches
with an aggregate membership of
27,000.

It is reported from Rome that the Pope
has selected queen Elizabeth of the Bel-
gians as the recipient of the Golden
Rose, the highest honor annually be-
stowed upon some most worthy individ-
ual.

**SANITARY ENGINEERS
IN SESSION**

Grand Rapids, Mich., Aug. 1.—
The opening here today of the annual
convention of the American Society
of Sanitary Engineers was marked
by a large representative attend-
ance of members from all over the
United States and Canada. Much of
the time of the convention, which
will continue in session several days,
will be devoted to the consideration
of sanitary problems in relation to
camps, cantonments and other mili-
tary works.

CHARLES ADKINS

Governor Lowden has appointed
Charles Adkins as director of agri-
culture under the new consolidation
law. Mr. Adkins has for years been
prominent in the political life of the
state and in all farmers movements.
As director of agriculture it becomes
his duty to consolidate all the agri-
cultural activities of the state gov-
ernment in his department. Every
farmer is interested in the agricul-
tural work of the state and Mr. Ad-
kins will discuss the new consolida-
tion law as it affects the agriculture
of Illinois.

FRANK'S MALT BREAD

Just Like Mother Used to Make

MR. AUTO OWNER!

Why throw your old auto tires away when they are good for
2500 to 6500 more miles.

My method of taking two old tires and making one good one is
saving thousands of auto owners from 50 to 75 per cent on their bills.

Send me two old tires and I will make one good tire that you can get from 2500 to
6500 more miles out of. In sending me tires be sure one has a good rim no matter how
bad the tread is worn. For the other one that has a

NOTICE TO CHIROPODISTS.

The law of Illinois now provides that, after October 1, 1917, no person in the state shall practice chiroprody without a license. Every present practitioner who makes application before October 1, 1917, may secure a license on payment of a fee of twenty-five dollars, provided he is at least twenty-one years old, is of good moral character, and can prove that he has been practicing chiroprody in Illinois for at least one year prior to July 1. After October 1, 1917, all applicants, whether previously practicing or not, must pass an examination for which definite requirements are set forth in the Chiroprody Practice Act. Heavy penalties, including fine or imprisonment or both, are provided for violations of the law. All persons interested should write at once for information to Francis W. Sheppardson, Director of the Department of Registration and Education, Springfield, Illinois. d-1t

NUMEROUS TRIALS BROUGHT SUCCESS

Tanlac Gave Relief After Many Medicines Failed, Bridgman Says

Columbus C. Bridgman, prominent farmer residing at Chapin, Ill., near here, made the following interesting statement on June 13 regarding the remarkable relief he derived through use of Tanlac, the celebrated new medicine:
"I was bothered all last winter with my stomach and although I tried many different medicines I failed to gain any relief. Headaches bothered me almost continually and I often experienced severe pains in my stomach. I was usually in a constipated condition.
"The statements of so many local people praising Tanlac finally led me to try the new medicine. Well sir, I've taken just one bottle of Tanlac now and honestly, I don't know what it is to be bothered with my stomach any more. The headaches have ceased to annoy me, too. The constipation, also, has vanished. I'm very glad to recommend Tanlac and I hope others will begin the use of the new medicine."
Tanlac is now being introduced in Jacksonville at the Coover-Shreve Drug Co. East Side store. Tanlac also may be obtained at the West Side Store of the Coover-Shreve Co. It is sold in Waverly at the Wyle Drug Co.; in New Berlin at the New Berlin Drug Co.; in Ashland at H. O. Brownback's; in Versailles at A. G. Bates'; in Chapin at F. P. McKinney's; in Roodhouse at W. D. McKinney's; in White Hall at the City Drug store; in Bluffs at F. T. Curtis'; in Pittsfield at J. H. Barber & Co.; in Loomis at L. N. VanDeren's; in Diverson at E. G. Haug's; in Manchester at C. D. Chapman's and in Winchester at the City drug store.—Adv.

N. B.—See those charming new
Purses and Belts.

The New Chevrolet "1918" The Most Popular Car Made

Be sure and see the 490 and Baby Grand before you purchase. With the wonderful improvements they would lead the world.

Besides the full electric equipment found on last year's 490, we have added:

Tilted Windshield
Demountable Rims
Extra Rim
Foot Rest
Water Pump
Pockets on the four doors
Skirt on Rear of Body
One Man Top

Tire Carrier
Robe Rail
New Style Oil Pump
New Type Improved Radiator
Hand Tabs on four doors
Apron on Front of Chassis
Protecting Pad at Base of Back of Front Seat

More value for the money than the most exacting person could think of.

The new models will arrive this coming week and we will state in advance that we know you will be more than pleased. Come in and allow

WM. NEWMAN, JR., to show you. This is to your advantage.
